

THE NEWARK ADVOCATE

DISPLAY THE FLAG

WEATHER FORECAST.
Fair and warmer tonight and Tuesday.

NUMBER 91—VOLUME 86.

NEWARK, OHIO, MONDAY EVENING, JUNE 25, 1917.

TEN CENTS A WEEK

BRITISH SHOT HIT SUBMARINE 5 MILES AWAY

Shell Exploded U-Boat's Magazine and She Broke Amidships

TEUTON FLED WHEN NAVY CREW GOT HER RANGE

Crew Tells of Attack But Ship's Officers Refuse to Discuss It

(Associated Press Telegram)
An Atlantic Port, June 25.—Members of the crew of a British steamer which arrived today reported having sunk an attacking German submarine. The British vessel sent a shell into the U-boat's magazine, causing an explosion which parted the underwater boat about amidships. Each end sank separately. The British steamer was uninjured. The submarine was five miles distant and running away after having attacked the Britisher nearly 400 miles off the coast of Ireland. According to the story told by the gunner of the British steamer the submarine was first seen when she sent a shell at the steamer from a distance of about 3,000 yards. It fell short and the steamer immediately was swung around so that her stern was toward the U-boat, getting the naval gun at work. Eleven shots were fired in rapid succession and each struck very close to the German. "I knew I had the range after the second shot, and so did the German," said the British gunner. "The Germans were using their two guns, fore and aft while we had only one, but the shells were falling short and he started to run. I followed him with shell, and the twelfth, the one that sent him down, struck just about the periscope. He was then more than 9,000 yards away. "We could all see the boat break in half and go down, disappearing within a few minutes. I sent four more shots into the water at the spot where she disappeared to let any of the Boches who might have escaped know that we were still (Continued on Page 2, Col. 6)

AMERICAN GUNNERS FORCE SUBMARINE TO ABANDON ATTACK

(Associated Press Telegram)
An English Port, June 25.—American naval gunners successfully fought off a big German submarine which attacked an American passenger liner off the coast of Ireland last night. A torpedo fired by the submarine missed its target by less than twenty feet.

RUSSIAN PEOPLE AROUSED TO DEFEND THEMSELVES

(Associated Press Telegram)
Petrograd, June 24.—A dispatch to a news agency from Nikolayev, northeast of Odessa, relates that the peasants of North Odessa enraged by the crimes of murderous burglars and horse thieves, started an organized movement against them, torturing or killing captured offenders in defiance of the efforts of the militia. The officials of Nikolayev who went to the scene to protect were threatened with violence as defenders of the criminals. Twelve charred corpses marked the scene of the peasants' vengeance.

SUFFRAGISTS NOW TRY A PARADE IN SILENCE

(Associated Press Telegram)
Washington, June 25.—Suffrage demonstrators at the White House took a new turn when eight women bearing suffrage banners paraded along the pavement in front of the executive mansion, paraded back again to their headquarters without saying a word or unfurling a single banner. The police did not interfere.

PRINCES DROP GERMAN NAMES.

(Associated Press Telegram)
London, June 25.—The Times learns that in view of the recent decision of King George that those princes of his family who are his subjects and bear German names and titles should relinquish them, the Duke of Teck takes the title of Marquis of Cambridge, and Prince Alexander Battenberg becomes Marquis of Carisbrooke.

ENGINE CREW KILLED.

(Associated Press Telegram)
Springfield, O., June 25.—Engineer and fireman of train No. 45 were scalded to death, and head brakeman of the same train was seriously injured by jumping when the first engine of a double-header went through a burning trestle on the Detroit, Toledo & Ironton Railroad early this morning.

AKRON DIRIGIBLE IS GIVEN TRIAL FLIGHT

(Associated Press Telegram)
Akron, O., June 25.—Thousands of Akron people got their first sight of a military dirigible this morning when one of the huge air craft being built by a local rubber company for the government flew over Akron. The dirigible was piloted by Ralph Upson, who was assisted by Herman Kraft. Soaring close to the ground the craft made a beautiful picture. It was sailed around the city and returned to the hangar.

GREAT DAM WEAKENS; PEOPLE FLEE FROM DANGER OF FLOOD

(Associated Press Telegram)
Fairview, Utah, June 25.—The force of hundreds of millions of gallons of water, caused by the melting snow flowing suddenly into the mammoth reservoir which impounds the waters of the Price River Irrigation Company, 12 miles northeast of Fairview, San Pete County yesterday afternoon caused the concrete core of the dam to give way. Early today the dam was reported to be rapidly crumbling and the 11,000 acres of water which had been reported so far. Residents of Scofield, Helper, Castle Gate and Coitson deserted their homes and went to higher ground to escape the flood, having been warned by telephone of the break. All hope of saving the dam has been abandoned and it is said that 40 miles of track of the Denver and Rio Grande Railroad may be damaged. Efforts to prevent a deluge, by the sudden breaking of the entire structure is occupying all the attention of the irrigation company employees who are assisted by the forestry officials, stationed at Fairview.

FAMILY FEUD RESULTS IN FATAL SHOOTING

(Associated Press Telegram)
Chillicothe, O., June 25.—Frank H. Karshner is under arrest here today charged with the killing of Bert Frazer, 49, late Saturday night, the result of a family feud. Karshner has confessed, the sheriff has announced. While walking along a road near Adelphi, 20 miles northeast of here, Karshner accosted Frazer and then emptied a shotgun into the latter's abdomen.

STUEBENVILLE STRIKE IS NOT SETTLED BY U. S. AGENT

(Associated Press Telegram)
Stuebenville, O., June 25.—Efforts of a representative of the federal department of labor to end the strike of conductors and motormen of the Steubenville, Wellsburg and Weirton Railway Company have failed and a strike on two other traction lines in southeastern Ohio and northwestern West Virginia was threatened today. The strike began five days ago when employees learned that the company was paying new men the same wages as paid old employees.

OLD GLORY IN ENGLAND

Old Glory is getting to be a rather familiar sight in England, and will of course become much more so during the coming months. Photo shows standard bearers of an American medical unit carrying the stars and stripes through an English city en route for their camp.

COAL OPERATORS FIX PRICE PER TON AT CONFERENCE

Government offers Testimony Showing Conspiracy By Big Mining Interests

THOUGHT \$3 TON AT MINE WAS REASONABLE PRICE

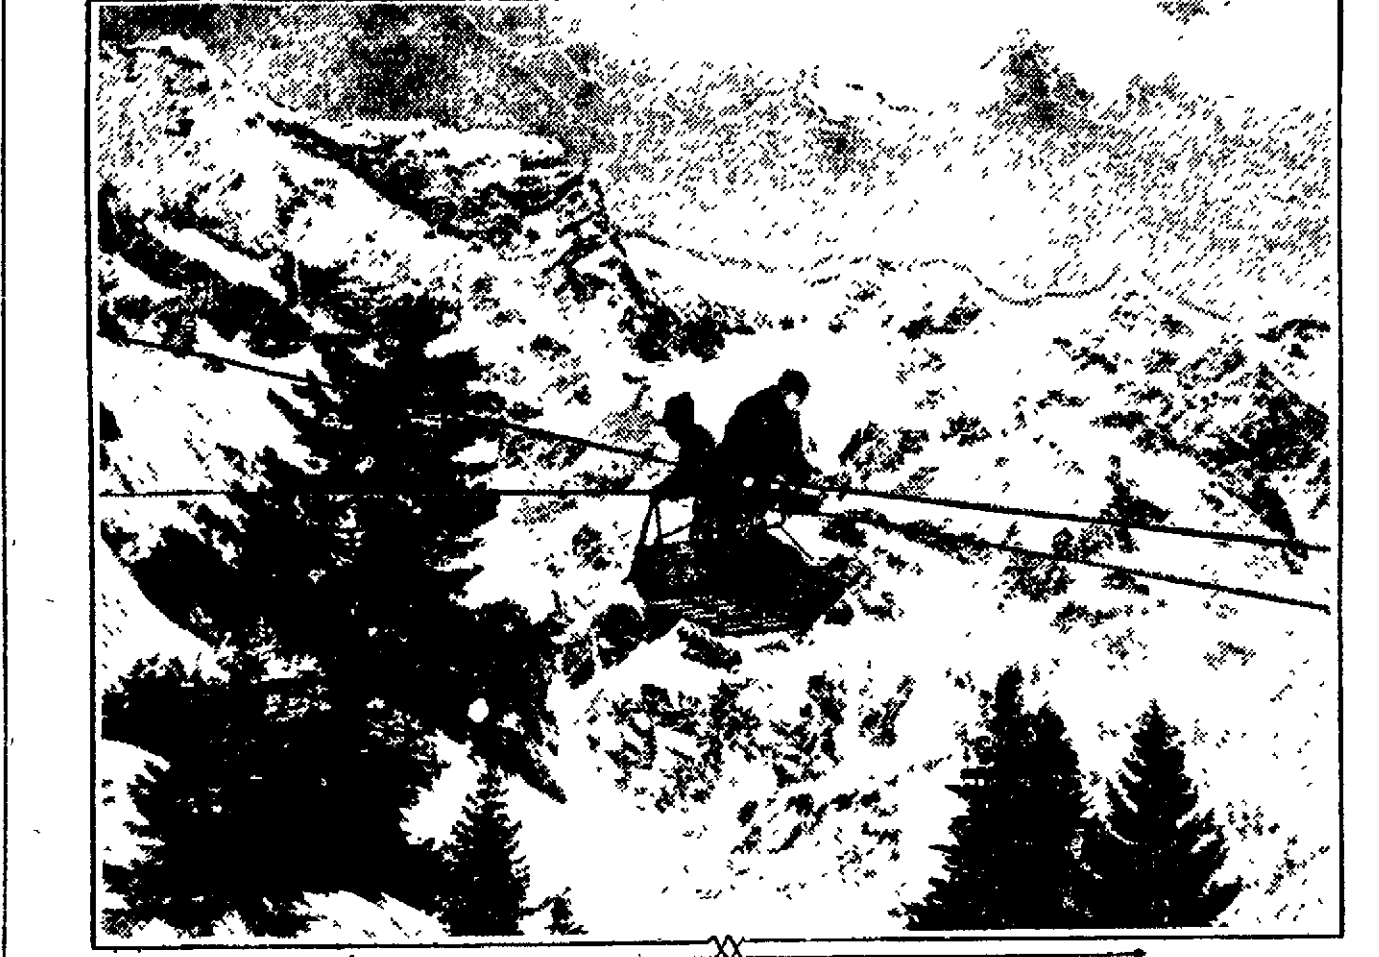

All Operators Notified of Action at Conference—Former Price \$1.35

(Associated Press Telegram)
New York, June 25.—Testimony that price lists fixing \$3 at the mines as the minimum cost of semi-bituminous coal were sent out to operators on the day after a conference of coal presidents and coal operators in this city in January were introduced by the government today in its trial of 51 individuals and 102 companies engaged in coal production in the federal court here. It is the government's contention as set forth in the indictment, that the defendants conspired in violation of the Sherman anti-trust law, to establish prices in the semi-bituminous districts in Virginia and West Virginia. W. R. J. Zimmerman, secretary of the Smokeless Coal Operator's association called as a witness today, testified regarding the conference here, on January 3, at the Waldorf Astoria Hotel. He said that those present discussed the price of production in connection with increased costs in rails, spikes, steel and labor. "Did any of the operators suggest a price for the coal?" he was asked by federal counsel. "Robert H. Gross, president of the New River company and of the White Oak Coal Company, declared he thought it was reasonable to charge \$3 a ton net at the mines," replied the witness. "George H. Caperton, president of the Scioto Coal and Coke company said he thought he would charge \$2.50 a ton, although he realized that other members present differed with his idea on the subject." "Did Mr. Caperton change his mind as to the price?" "My impression is that he had finally announced a change of view and that he would charge \$3 a ton," the witness answered. Mr. Zimmerman said that on the following day he sent out circulars which he had read at the conference to a mailing list of operators, calling for a minimum price of \$3 a ton at the mines from April 1 and providing for subsequent increases during the year. The price during the preceding year was from \$1.25 to \$1.35 a ton. It was brought out that operators not members of the association participated in the conference.

AKRON POPULATION 157,812.

(Associated Press Telegram)
Akron, O., June 25.—Akron's population is 157,812 according to a census taken by a directory company. The census shows an increase of 31,607 over city directory estimate last year.

ITALIAN SCOUTS HAVE NOVEL METHOD OF MOUNTAIN TRAVEL

A skeleton car on cables, and attached to widely separated peaks, carries Italian scouts through space over yawning valleys and chasms. This mode of transport is called the teleferio line.

MOTHER GIVES LIFE IN A VAIN ATTEMPT TO SAVE DAUGHTER

(Associated Press Telegram)
Akron, O., June 25.—Two men and a woman are dead and 11 other persons are in Akron hospitals suffering from serious injuries as a result of accidents which occurred in and near Akron over Sunday.

Mrs. William Hodges, 35, Kenmore, was killed yesterday afternoon in a heroic attempt to save her 4-year-old daughter from being run over by an Erie train. Mrs. Hodges saw her daughter step on the tracks in front of the train and called to her. The child did not hear, and the mother ran towards her. She barely had time to reach the girl before the train ran her down.

Her head and one arm were severed. Both legs of the child were cut off above the ankle. Norman W. Hood, 40, 929 Kenyon street, was killed late Saturday during the thunderstorm when struck by a Cleveland-Akron car just north of Silver Lake Junction. Crushed about the chest, he died shortly after being taken to City hospital.

While standing erect in his canoe to put on his raincoat during the heavy storm Saturday, Herbert Nelson, 21, Moundsville, W. Va., fell into the waters of Long Lake and was drowned. The boat bound his arms and prevented his swimming. Deputies from the sheriff's office dragged the lake Sunday, but the body was not found. Several persons were painfully injured in automobile accidents which occurred late yesterday.

CORK SINN FEINERS IN RIOT; MACHINE GUN KILLS ONE MAN

(Associated Press Telegram)
Cork, Ireland, June 25.—Machine guns were used on the Sinn Feiners in the disturbances here yesterday morning. They were brought into action after the police with clubs had failed to restore order. The soldiers cordoned various points while the police chased the rioters to side streets. After having borne much stoning the police ordered that guns be fired on the disturbers. One rioter was killed and another severely wounded while a dozen were treated in hospitals for bayonet wounds. The riot was eventually quelled without the troops coming into action.

CHINESE ASK FOR ELECTION WITH NO ARMY INTERFERENCE

(Associated Press Telegram)
Peking, June 25.—All provinces which declared their independence of the present Peking government have now ceased their warlike preparations. Leaders of the southern provinces which were in revolt telegraphed Peking that they were willing to compromise providing a new election were soon held without military interference. General Chang Hsun, the military governor of Anhwei province, who came to Peking after the president dissolved parliament, expressed hope that a settlement of the crisis will be reached. Administrative affairs have become disorganized through lack of a cabinet while the various government departments have a mass of documents requiring answer.

STATE BANK CALL.

Columbus, June 25.—A call was issued today by the state banking department for a report from state banks as to conditions at the close of business June 20.

NATIONAL BANK CALL.

Washington, June 25.—The comptroller of the currency today issued a call for the condition of all national banks at the close of business Wednesday, June 20.

COCCHI DECLARES HE WAS FASCINATED BY THE CRUGER GIRL

(Associated Press Telegram)
Bologna, Italy, June 25.—Interrogation of Alfredo Cocchi, self-confessed slayer of Ruth Cruger in New York, is kept secret by law in Italy until just before trial when counsel are allowed to examine the result of investigations made by both the police and judges. According to unofficial information, Cocchi recounted to Judge Zucconi his history in America. He said: "My machine shop gave me a satisfactory position. I earned some-thing \$100 a week. I had never seen Ruth Cruger before she came to my shop to have her skates sharpened. From the very beginning Ruth did all in her power to attract my attention. I felt something strange when her dark penetrating eyes fixed on mine.

"I was still more disconcerted when she came again February 13 to get her skates. An overpowering attraction for the young woman seized me. What happened afterwards seems like a dream. My memory at this point fails me utterly. "In view of the facts that have presented, it must be true that I attracted and killed her. But, God help me, I didn't mean to do it. My will power could not resist any more. When I returned home I was like a person in a trance. I remember speaking of this peculiar mental condition and thought I was ill. "I began to realize the gravity of my position the morning of February 15 when newspaper reporters came to my shop to make inquiry and policemen questioned me. I felt then as if I were lost. My only anxiety was to escape. I secured a passport which I kept among my papers and succeeded in reaching Italy. On my arrival I was overcome by remorse. I cannot myself believe that my blithering unblemished life has been destroyed forever. This is my first offense, but it is of such a nature that I cannot believe it to be true. The greatest punishment is to think what suffering and agony my wife and children are undergoing, as notwithstanding our misunderstandings, we love each other most tenderly."

111,800 GERMANS ON REGISTRY LISTS LATE FIGURES SHOW

Washington, June 25.—Official war registration returns with Niagara county, New York, and three Wyoming precincts missing made public today show a total enrollment of 111,823, or approximately 96 per cent of the census bureau's estimate. The apparent shortage is more than offset by the number of men in the army and navy who were not required to register. Of the registrations reported 7,437,794 are white citizens; 953,899 colored; 1,239,865 unaturalized, from countries other than Germany; 111,823 unaturalized Germans, including those who have taken out their first naturalization papers and 6,061 Indians.

The abnormal shiftings of population since the census of 1910 caused the census bureau to over estimate or fall short of its figures in several states but as the excess in some states served to compensate for the discrepancies in others, the general total was not materially affected.

There was nothing in the returns, said census bureau officials, to indicate that there had been any great attempt at evasion of registration by any important element in the population.

BRITISH DISCUSS WAR PRISONERS WITH TEUTONS

(Associated Press Telegram)
The Hague, June 25.—The British commission headed by Lord Newton, has arrived here to discuss with German delegates, headed by General Friedrich, the question of war prisoners of both countries. The prisoners, camps, reprisals, and matters connected with the exchange of interned prisoners over military area and disabled prisoners will be considered. The Netherlands government will be represented by Baron von Vredenburg.

NEGRO LYNCHED FOR ATTACKING WHITE WOMAN

(Associated Press Telegram)
Galveston, Tex., June 25.—Chester Sawyer, a negro, accused of attacking a white woman, was taken from jail here early today and hanged near the city limits. The mob composed of only a few men, entered the jail by a ruse and then overpowered the jailor.

RUSSIAN ARREST DESERTERS.

Petrograd, June 25.—During a roundup of deserters last night at Simferopol in the Crimea, shooting occurred and men on both sides were wounded. There was a large number of arrests. Increasing numbers of deserters are returning daily to the colors.

EMBARGO BOARD IS NAMED TO PREVENT SHIPPING TO ENEMY

(Associated Press Telegram)
Washington, June 25.—President Wilson, by executive order, today created an export embargo council to administer the export embargo provisions of the espionage act.

By the administration of embargoes through this council the nation will be able to take many steps for the successful prosecution of the war and also to prevent supplies reaching Germany through neutrals. The President's order vests in the secretary of commerce the executive administration of all instructions to be issued by the President under the act and establishes an exports council to be composed of the secretary of state, the secretary of agriculture, the secretary of commerce and the food administrator. All matters of policy in connection with the operation of the act will be decided by the council which will recommend to the President proclamations to be issued putting certain commodities under export control. Coal and grain will be the first commodities to go under the act. Food exports will be left largely in the hands of the food administration which will consult the council where international questions are involved. One of the first effects of the act's operation will be to give the government firm control of the domestic food situation. Shipping too will be controlled to a large extent under the act. A plan for rationing the European neutral countries has been worked out and will be put into effect immediately. Secretary Redfield said today his department would have the act in operation within 48 hours.

ENVOY CIRCLES GLOBE TO REACH CITY ONLY NINE HOURS DISTANT

(Associated Press Telegram)
Washington, June 25.—Charles J. Vopicki, American minister to Stria, Bulgaria and Rumania is today preparing to leave here in continuation of his globe circling trip from Bucharest to Jassy, cities usual nine hours distant. The minister was in Bucharest when the Germans took the city and was not allowed to pass the lines to his station at Jassy. In order to resume his duties in Rumania he found it necessary to cross Austria-Hungary and Germany and embark for America. His route now lies across the Pacific and through Siberia to Russia.

FOOD BILL GOES TO COMMITTEE MAY AMEND IT

(Associated Press Telegram)
Washington, June 25.—Senate leaders today arranged to expedite the food control bill passed Saturday by the House. The bill was referred by the Senate today without discussion to the agriculture committee. Senator Reed of Missouri, today continued his attack upon it. No additional committee hearings are proposed. Chief among the amendments proposed are some extending government control to iron and steel and their products, oil, petroleum products, copper, lead, zinc and fertilizers. Senator Chamberlain, in charge of the bill, said there was much sentiment for having the government control basic materials as well as food. A half dozen amendments to the bill were introduced today. Senator Lewis, Democrat, of Illinois, offered a substitute bill proposing that the President shall have general broad authority to issue regulations for cost of foodstuffs, specifically enumerating those held for "monopolization" or "unjust prices." Several measures which have been before the Senate as part of the war legislation were also tacked onto the bill as amendments. Senator Walsh put in his bill proposing the government to lease coal and oil lands. The bill gives the President the power to direct priority in railroad shipments was offered as an amendment by Senator Ransdell. Senator Wadsworth tacked on the trading with the enemy bill and Senator Cummins proposed amendments declaring every product, including foodstuffs, cotton, coal and steel subject to control and regulations should it become necessary.

CZECH REGIMENTS DESERT TO RUSSIA AUSTRIAN SAYS

(Associated Press Telegram)
Amsterdam, June 25.—Three Czech regiments have deserted to the Russians, according to a statement on Saturday to a committee of deputies from southern Austria by P. von Georgi, minister of defense in the retiring Austrian cabinet, as published in the Lokai. Anzeiger and Tagblatt of Berlin. The statement was made during a discussion of the demand of the Czech deputies for the release of Herr Klofac, who was sentenced to death on the charge of attempting to reconcile Russia and Bohemia. The sentence of Herr Klofac, a deputy and head of the Czech union, was cancelled by Emperor Charles, but he is still held in prison. Herr von Georgi said Czech legions had been formed in all the armies of Austria's enemies and that of all the Czechs of military age who were in Russia when the war began only three had returned to Austria. He also said that Herr Pavlu, formerly director of the Bohemian newspaper Narodni Listy of Prague, had boasted publicly in Russia that when an ensign in the Austrian army, he had deserted to the Russians after his companions had killed Austrian outposts. Herr von Georgi's statement said also to have made a great sensation. The Czech deputies, angered by them, charged that they had been made in a vengeful spirit on account of the fact that the ministry had been forced to resign.

FEDERAL GRAND JURY HAS SLACKER CASES UP TODAY

Cleveland, O., June 25.—The cases of slackers and anti-draft agitators in Cleveland will be considered by a special federal grand jury which meets today. United States District Attorney Wertz and his assistants, backed by a mass of evidence and information obtained by local department of justice agents, will appear before the grand jury and ask for indictments. It is expected the names of thirty-three men will be considered. In addition to the thirty men arrested during the past few weeks and who are either locked up or out on heavy bail, the grand jury probably will be asked to indict three men whose names have not heretofore been connected with anti-draft agitation.

RUSSIAN ARREST DESERTERS.

Petrograd, June 25.—During a roundup of deserters last night at Simferopol in the Crimea, shooting occurred and men on both sides were wounded. There was a large number of arrests. Increasing numbers of deserters are returning daily to the colors.

COUNTY AND CITY IN A CLOSE RACE FOR RED X HONOR

The race between Newark and the rest of the county for honors in the Red Cross campaign is nip-and-tuck, with the townships coming stronger every minute. Had the Roumanians not come to the rescue of the city by their big contribution of \$530, the townships at noon today would have gone into the lead. Unless the city increases its amount by this evening, which marks the close of the campaign all over the country, the townships will have won in the contest of giving to the Red Cross.

Chairman Geo. H. Mosser of the rural districts, announced at noon today that the townships had reported pledges of over \$29,000. The city's complete report was \$29,817. These figures are liable to minor changes when the official returns are in.

Union township and Hebron, which had not been heard from for several days, telephoned this morning it had pledged \$2125, with scattering precincts to hear from. Mary Ann, one of the last townships to organize, reported \$307.27—its allotment being \$300. Bennington township, which began work Saturday, telephoned Saturday night it had pledged over \$600. Perry township telephoned it was tabulating its pledges and would make its first report this afternoon. Jersey township is to make its returns this evening, which will account for every one of the 26 townships, wholly or in part.

The rural districts committee believes that the \$30,000 mark will be passed late this afternoon and the returns from city and county will be more than \$60,000—or, \$20,000 above the allotment fixed by the Washington headquarters of the Red Cross.

The pledges by township at noon today were:

Washington (Utica) . . .	\$3925
Granville (Granville) . . .	3500
Monroe (Johnstown) . . .	3100
Union (Hebron) . . .	2125
Burlington (Homer) . . .	2000
Lima (Pataskala) . . .	2013
St. Albans (Alexandria) . .	1850
Etna (Etna) . . .	1271
Hartford (Croton) . . .	1251
Hanover (Toboso - Hanover) . . .	1036
Newton (Chatham - Vanatta-St. Louisville) . . .	992
Newton township . . .	775
McKean . . .	644
Harrison (Kirkersville) . .	600
Licking (Jacksonstown) . .	587
Bennington . . .	600
Franklin . . .	472
Bowling Green . . .	450
Madison . . .	410
Mary Ann . . .	307
Liberty . . .	300
Eden . . .	160
Hepewell . . .	239
Perry—No report yet.	
Jersey—No report yet.	

The heaviest returns are expected from Eden, Liberty, Madison, Hope, well, Perry, Jersey, Newark, Harrison and Franklin townships.

RED CROSS NOTES.

Manager Geo. M. Fenberg has sent a check for \$34 to W. W. Gard, treasurer of the Red Cross, being 10 per cent of the proceeds of last week's picture shows at the Auditorium.

No longer can it be said that the people of the agricultural communities are not aware of their responsibility in the present war and the present campaign has been one of the most valuable educational publicity.

Geo. W. Gillette, Secretary of the Columbus Chamber of Commerce, phoned the Newark Chamber congratulations over the wonderful showing of Licking county, particularly in the country and small villages. "You people over there have made the whole state sit up and take notice. You must have had a wonderful organization and we of

FORMER NEWARKMAN PRAISES U. C. T. CONVENTION

J. A. Black, as secretary of the local council U. C. T., is receiving numerous letters of congratulation and thanks for the splendid entertainment afforded the visitors who recently attended the state convention held here.

Among the most enthusiastic in his praise of the town the Newark council and individual members of the U. C. T. is Harry L. Eskew, commissioner of the department of food and drugs for the state of Tennessee. Mr. Eskew, a former Newark man, now lives in Nashville, and came to Newark just to attend the convention. He asserts that Council 274 U. C. T. did itself proud as a host and that the hospitality of the Newark people was an inspiration.

Other letters received were from Frank E. Rouzer, secretary of the Dayton council, Henry Feuchter, secretary of the Akron council and W. A. Lawrence, secretary of the Springfield council.

SPEED SHIPMENTS OF FARM SUPPLIES

ONLY HALF LOADED

AVERAGE SHIPMENT OF FERTILIZER 21 TONS

DANIEL WILLARD

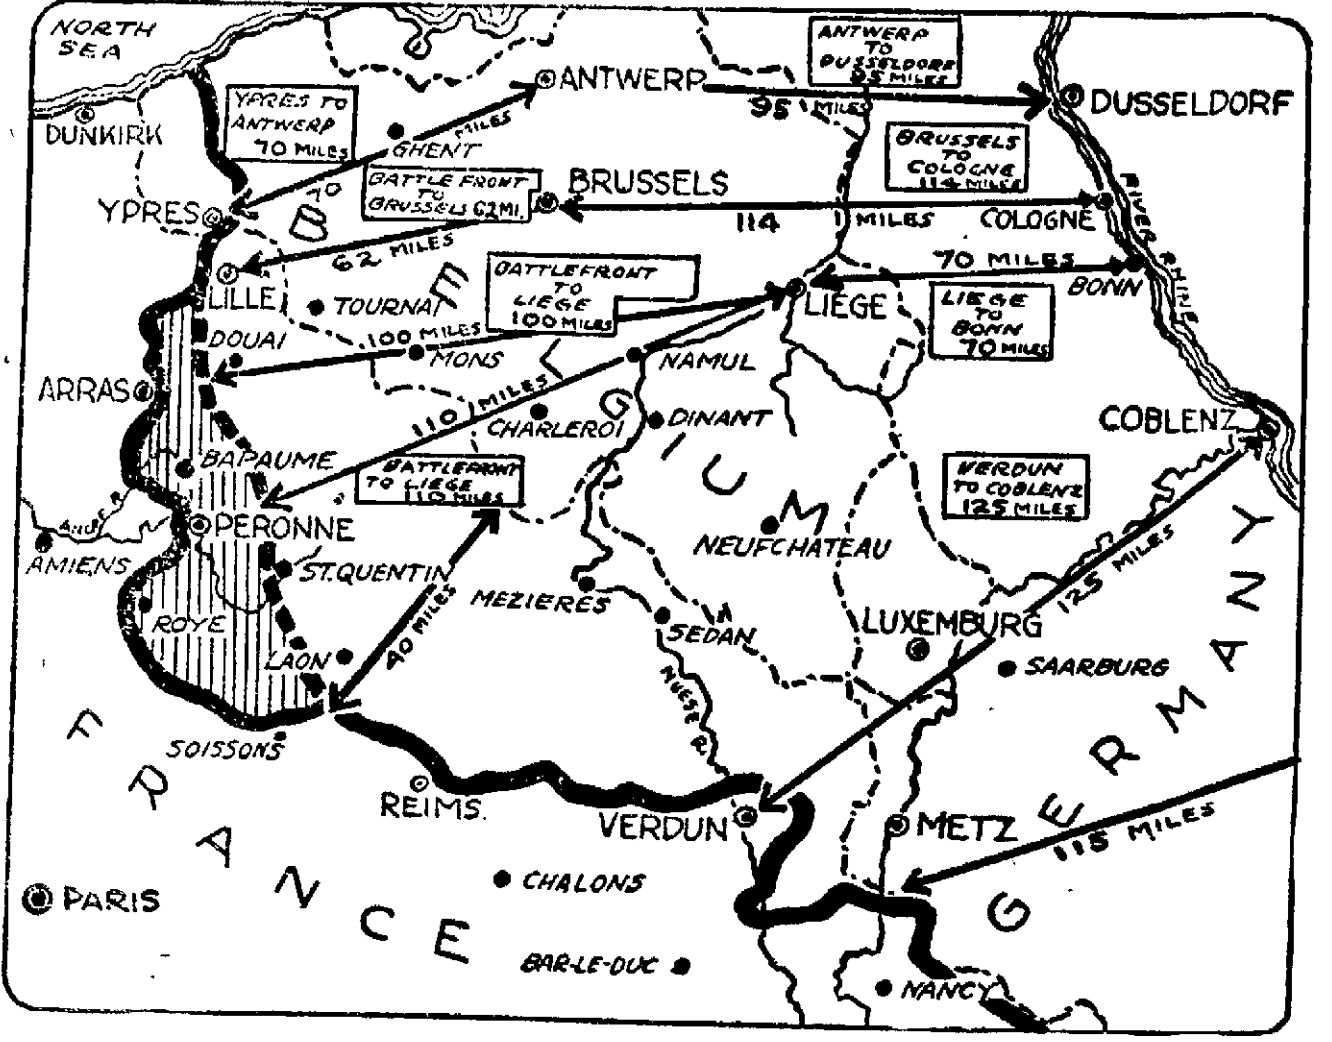

FULL CAR SHIPMENT 50 TONS

LOADED TO CAPACITY

One of the three gigantic problems which the railroads are facing this year is the hauling of fertilizers, seeds and agricultural implements so that they will reach the farmers in time for fall use, and at the same time to handle rapidly the heavier freight traffic of the other industries, war supplies, munition and army equipment for the railroads.

A committee of five railroad presidents, headed by Daniel Willard,

HOW LONG WILL IT TAKE TO PUSH GERMANS BACK TO THE RHINE?

Eight lines of retreat for the Germans. Shaded area indicates territory reclaimed by allies in 1917.

Nobody in this country doubts that the Germans eventually will be driven back to the Rhine—and beyond. Will it take months or years? Years, answer the military experts. The process of pushing the Germans back is extremely slow. France has passed her zenith while Russia has hopelessly collapsed. The honor of driving the invaders back to their home land will in all likelihood fall upon the Americans.

NEWARK RUMANIANS GIVE SPLENDID EXAMPLE OF THEIR LOYALTY TO U. S.

Practically every Rumanian in Newark joined the Newark chapter of the Red Cross when the membership campaign opened here a few weeks ago. When the Liberty bonds were offered the Rumanians bought \$5,000 of them. A few months ago they took up a collection and sent \$2,200 to the Rumanian Red Cross and at yesterday's patriotic meeting they gave \$530 in good hard cash to the treasurer of the Newark chapter, W. W. Gard. Here indeed is a record that the Rumanians of this city may be proud of and on the other hand the city of Newark is proud of this splendid manifestation of patriotism.

At the recent patriotic meeting held in the Tabernacle the Rumanians had a prominent place and they carried into the building a huge banner reading something like this "We Were Rumanians, But We Are Now Americans." The men marched to the tabernacle under their flag and the American flag, but some misguided person compelled them to turl their own banner. The Rumanians were hurt by the action, but the incident was not allowed to dampen their patriotism. This was before the sight of the American, British and French flags entwined together was a common sight.

Yesterday's meeting in Jackson street was planned by Pete China and Marian Marian, who deserve great credit for its success. They were ably assisted by Carl Dayton, Dr. J. G. Shirer, W. W. Gard, Chief Sheridan, John Costa and others.

After a parade Sunday afternoon, headed by the band, the 400 men assembled at China's hall. The Rumanian band played "America." Dr. W. H. Lewis spoke of the Red Cross and its work for humanity. Dr. Shirer and Mr. Dayton pledged the support of the American Bottle company and complimented the Rumanians for their patriotic action. Mr. Gard spoke on Americanism and predicted that the present war would see the disappearance of racial prejudice and make real Americans of all who reside in this country.

No patriotic meeting of Romanians is complete without the national dance participated in by the men only, and that was a pleasing feature of the demonstration yesterday.

Mr. Costa, Mr. China, and Mr. Marian spoke to the crowd in their native tongue. Twenty or more prominent Newark men and women were present. During the afternoon the Rumanians placed quarters, dollars and bills of higher denomination into the "pot" for the Red Cross and when the amount \$530. This contribution in many cases meant real sacrifice. It was a display of patriotism that touched the hearts of all of the visitors who were present.

INTERURBAN CAR CRUSHES LEGS OF MAN ON TRACKS

Daniel Richards, 61, a well known gardener of Granville, died of injuries received when a Granville car ran over his legs Saturday night about 9:30 o'clock crushing both of them so badly that amputation was necessary.

Richards was seen by the motorman when it was too late to stop the car. He was lying on the ground with both legs across one of the rails. The track was wet and slippery caused by the storm that night. The motorman ran about 100 feet beyond the man before he succeeded in stopping the car. He went back and found him and he was carried to Centerville station on the interurban about a mile east of Granville and Criss Brothers' ambulance was summoned and removed him to the Newark Sanitarium, where he passed away about fifteen minutes afterwards.

An examination disclosed that in addition to the crushed legs he had a bad cut on the head and one below the left shoulder blade. These cuts may have been struck by an automobile and thrown across the track. He came to Granville about ten years ago and has been employed as a farm laborer and truck raising at New Philadelphia, O., to which place the body was shipped today.

AT TENTH STREET CHURCH.

Dr. W. R. Godby of Cincinnati, who is making a world tour of evangelism, will be in Newark and preach at Tenth Street U. B. church at 7:54 p. m. Tuesday.

PARISH PICKS PALMER TO DIRECT PRESS WORK

Paris, June 25.—It was announced at American army headquarters yesterday that Major General Pershing had appointed Frederick Palmer of New York to his staff in the intelligence department, with the rank of major.

He will have general charge of the army's regulations with the American press, and while his activities will be chiefly devoted to that work, the staff will be able to utilize his war-acquired knowledge in other respects.

GIRLS CLEAR \$32.75 FOR RED CROSS WAR FUND

Several young women solicited groceries, vegetables and fruits and conducted a stand at the People's market, Saturday, for the benefit of the Red Cross. They cleared \$32.75 by their efforts. The material was donated and the young women who gave their services were: Helen McMillen, Mary Long, Marjorie Carr, Katherine Winters, Edith Snelling, Hazel Colville, Vilbet Hertel and Edith Stover.

A MASTER FOOD Grape-Nuts

NEWARK PEOPLE IN 40 AUTOMOBILES ON TRIP THURSDAY

The Chamber of Commerce today mailed letters to the Mayors, Postmasters and leading citizens of Thornville, Glenford, Somerset, New Lexington, Junction City, and Shawnee, announcing that a friendship-making visit would be made to those places by 40 automobiles filled with Newark men, Thursday, June 28, headed by the Buckeyes band.

The towns along the line of the itinerary were asked not to go to any expense for entertainment, but simply to arrange for an informal reception so that the tourists might get acquainted with the communities visited and the Licking County Fair, Sept. 11, 12, 13 and 14 might be advertised. No commercial advertising will be permitted.

Arrangements have been made to take dinner at the beautiful little Colonial House at Somerset, one of the best equipped hostelrys in the state. The itinerary follows:

Leave Newark from the Chamber of Commerce 8 a. m.; arrive Thornville 8:45 a. m.; arrive Glenford 9:45 a. m.; arrive Somerset 10:30 a. m.; Dinner at Somerset 11:15 a. m.

Leave Somerset 12 noon; arrive Junction City 12:30 p. m.; arrive New Lexington 1:30 p. m.; arrive New Lexington 2 p. m.; arrive Shawnee 2:30 p. m.

Auto-owners who desire to accompany the tour should at once enter their names at the Chamber of Commerce. Carl Lauck of Zanesville will accompany the party and impersonate "Uncle Sam."

SATURDAY NIGHT STORM KILLED MUCH LIVE STOCK

A continuous flash of lightning for over an hour heralded the approach of the most intense storm of the year, which broke over Newark Saturday night about ten o'clock.

A fury of hail and rain added to the terror of the heavy wind, thunder and lightning. The toll in live stock was heavy throughout the county, four cows were killed east of Thornport, three horses north of St. Louisville and five sheep at Hanover. Lightning burned out the dynamo and disabled the electric elevator at the Sherwood Hotel, the fire department being called to the hostelry. The damage was slight.

The hail chopped the tender vegetables to shreds in many of the city gardens and the heavy rain beat the potato vines to the ground.

The cows which were killed in the herd were owned by a Mr. Armorer of Thornport, two of the horses belonged to George Irvin, a former Newark baker but now living north of St. Louisville.

Trees were uprooted and destroyed by lightning throughout the country, but no injuries to persons have been reported.

D. A. R. MEMBERS TO KNIT JACKETS FOR U. S. NAVY CREWS

Hetuck Chapter, D. A. R., will meet Wednesday afternoon at 2 o'clock at the home of Mrs. C. L. Sturgeon in Fifth street, to spend the afternoon knitting for the members of the crews of American torpedo boat destroyers now on duty in the waters surrounding the British Isles. Sleeveless jackets to be worn under their ship garb are essential for the comfort of these young men who are helping defend America against the Germans. The D. A. R. members are seeking to supply this need. Anyone interested in the work is invited to attend the meeting and assist, and donations for the purchase of materials are very much desired.

WALE COLLINS TO CLOSE BUSINESS; WILL HOLD SALE

Wales C. Collins, the well-known haberdasher of South Third street, has decided to close out his business, his store being closed today in order to mark-down prices, and will open tomorrow morning at 8 o'clock. Mr. Collins has enjoyed a splendid trade since opening business several years ago, but he has other plans in view, and it is necessary to sacrifice his stock of men's furnishings goods.

AIRPLANES WILL END THE WAR SAYS ORVILLE WRIGHT

Washington, June 25.—Airplanes will end the war, according to Orville Wright, who is engaged in superintending the building of the four squadron fields at Dayton.

"If the allied armies are equipped with such a number of airplanes as to keep the enemy airplanes entirely back of the line, so that they are unable to direct gunfire or to observe the movement of the allied troops—in other words, if the enemy's eyes can be put out—it will be possible to end the war," Wright said, in a statement made public.

"The program laid down by the Aircraft Production board, if carried out, will obtain this result. The business organization and manufacturing equipment of our country offer the facilities for carrying out this program, and I believe that by no other method can the war be ended, with so little loss of life and property."

BRITISH SHOT HIT SUBMARINE 5 MILES AWAY

(Continued From Page 1)

around and would take care of them if they appeared.

"At the same time our battle was going on the wireless operator picked up the call of (an American vessel) that arrived at an Atlantic port last Friday) and also caught a message that another American ship had been torpedoed and was sinking. The message said that the German was firing on life boats. That vessel was about 30 miles to the south of us and I do not know how they made out."

The steamer's captain and other officers would not discuss the battle, but confirmation of the gunner's story was obtained from mother members of the crew.

The British front in northern France is again developing signs of marked activity. Today's official statement from London details an unusual number of raids carried out by the British in virtually every important sector from Belgium to St. Quentin.

Operations by raiding forces on this scale are usually the prelude to offensive movements of moment. General Haig has not struck a hard blow on any extended front since the week of the Messines fighting when the famous ridge on the Belgian front was captured and the way prepared for further smashing operations in this sector.

Incident to last night's raids were local operations that gained ground for the British. Thus, some progress by them below Lens and northwest of Warnton in the Messines area is reported.

There is a momentary lull in the infantry activities on the Aisne front. The French have virtually succeeded in re-establishing in its entirety their line in the Vauxhall area, denied by the Crown Prince's forces in a sudden drive on a narrow front last week. Further fighting is in prospect to the east of this sector in the skirmishing for position on the part of the two armies, each anxious to gain dominating points for either offensive or defensive purposes. In this connection the artillery activity reported today along various portions of the Chemin des Dames plateau is significant.

DUTCH PEOPLE SEIZE POTATOES ON VESSEL

(ASSOCIATED PRESS TELEGRAM)

London, June 25.—A dispatch to the Times from Amsterdam reports that a crowd of women stormed a dozen barges in the inner harbor of Rotterdam Saturday and seized about a ton of potatoes destined for England. The barges which were loaded with 11,000 tons of potatoes were then removed to the outer harbor, guarded by police. The trouble whereof the foregoing is a mere incident has arisen, according to the correspondent, between Holland and England and Germany. Germany expected last week a consignment of new potatoes in return for German exports of coal to Holland.

Before a consignment could be made, 11,000 tons of old potatoes had to be shipped to England under contract. The people of Rotterdam who are themselves insufficiently supplied learning that these potatoes were waiting shipment raided the barges.

Meanwhile the Germans are threatening to cease coal supplies unless the potatoes are sent.

The correspondent says that if the Dutch yield to German pressure and send these potatoes to Germany they will break their agreement with England and endanger their supply of grain from America which might prove as serious as the loss of German coal.

Blotbs—"Do you think the heathen really appreciate our foreign missionaries?" Stobbs—"Well, I think the missionaries would probably be more appreciated if they were canned."

THOSE 2 WORDS "DOLLAR BACK" GAVE HIM FAITH

Henry Vandyke, Well-Known Milk Dealer, Tells a Striking Nerv-Worth Story.

The story explains a feeling that has prompted thousands to try this famous family tonic during the past two years.

Nerv-Worth Co.—Before taking Nerv-Worth, in fact ever since I was 17, I had serious stomach trouble. Could not eat cabbage, turnips, corn cakes, nor many vegetables, except with serious distress. When I saw that every Nerv-Worth ad contained the words "Your dollar back if the tonic does not help YOU," I concluded that the remedy must have real merit. I bought a bottle of it. That first bottle did me so much good that I felt encouraged to believe it would cure my indigestion, if I kept on. So I took Nerv-Worth until four bottles had got in their work against my trouble and NOW I AM CURED. I can digest all those foods which gave me so much distress and can go to bed and sleep like a baby. Nerv-Worth also has banished all my nervousness and sleeplessness.

RHEUMATISM IS LIKE A MULE

You've got to coax it to make it go. "Neutrene Prescription 99" will start the most stubborn and dogged case of rheumatism.

We have witnessed its effectiveness in hundreds of cases, it does things.

"Neutrene Prescription 99" is entirely different from the old preparation in that it aims at eliminating all Rheumatic poisons by purifying the blood, common sense teaches you this.

It removes those awful pains, humbers up those swollen stiff joints and muscles in a way that will surprise you. Get a bottle today, get the old stuff out of your system, 50c and \$1 the bottle at your druggist. Mail orders filled on \$1.00 size.

Amusements

AUDITORIUM.

"Ever since 'The School for Husbands' laughed Fannie Ward, the Lasky-Paramount star who will be seen at the Auditorium today and tomorrow in the unusual photoplay, 'Unconquered,' by Beatrice C. DeMille and Leighton Osmun. 'I have been looked upon as the authority on training this peculiar animal. Why, I don't know. I certainly haven't had much experience in that line and the way I handle my husband in this last production is simply according to rules laid down in the script."

"In 'Unconquered' though, I have quite another problem. This time it is not how to keep a husband, but how to lose one. That isn't really the theme of the story but I eventually do lose him to a scheming woman."

"According to the best authorities there are several ways of winning back a husband after he has become infatuated with another woman, but the best method, I believe, is the proper application of a club. Of course, I have never had occasion to do this myself, but I have read of its being done. 'Unconquered' does present a rather unusual condition for a wife to solve."

"The wife's life is devoted to her little son and the cruel father seeks to win the boy away from her, and also endeavors to trap the wife so that he can obtain a divorce and marry the other woman. The wife doesn't care so much whether she loses the husband or not, but she doesn't want to lose her little boy, and when she hears the child is to be stolen from her, she is in an unusual position. She doesn't do and it is only by seeking an opportunity at a psychological moment that she is eventually made happy."

"I think Mrs. DeMille and Mr. Osmun have handled this problem in a most charming manner and I am sure that everyone who sees the photoplay will say that this wife did just exactly right."

This feature is seen together with Max Linder, the celebrated French comedian, who offers the Essanay two reel comedy, 'Max Wants a Divorce.'

Louise Huff, who will be seen at the Auditorium on Wednesday and Thursday with Jack Pickford in the Lasky-Paramount production of the famous novel, 'Freckles,' is at present not as enthusiastic a naturalist as she was in the beginning of the production. While the company was on location in the woods, Miss Huff and Lillian Leighton took the butterfly net which Miss Huff uses as the 'thingy woman' and went on a nature studying expedition of their own and managed to ensnare several moths. Suddenly Miss Huff spied a beautiful blue-black bug

them, they found that Miss Huff had ensnared a hornet.

'Freckles' will have an added attraction for Wednesday Mrs. Vernon Castle, who will be seen in 'Pathe News,' with latest world happenings.

'The Rough House' is soon to be shown at the Auditorium. This is 'Pathe News' Roscoe Arbuckle's third Paramount-Arbuckle comedy and 18,000 feet of negative was used in the making. This comedy is said to be fast and furious and the plot date will be eagerly sought by Auditorium picture fans.

Mrs. Castle Wednesday. Commencing Wednesday Mrs. Vernon Castle will make her debut once again at the Auditorium in her famous picture 'The Rough House.' So that those who missed seeing the chapters or episodes that have been run at this theater, the management will start all over, showing one episode each week. Many who saw the opening number will remember the thrilling situations and will want to see it again. This feature is seen together with Louise Huff and Jack Pickford in 'Freckles.'

Train and Auto Race. One of the thrills of 'Pathe News' is seen at the Auditorium Wednesday in a race between a train and an automobile. The latter dashes over a grade crossing only inches ahead of the engine. If you want thrills start with this number and see it out to the end.

'The Slave.' The empress of fashion, Valeska Suratt, will be the Auditorium attraction Friday and Saturday of this week and she will be seen in the William Fox feature 'The Slave.' This play directed by William Nigh, who made 'The Blue Streak,' and in the cast besides Miss Suratt are seen Violet Palmer, Er-

In his final week at the Lyric, Mr. Fulkerson, manager, and popular comedian of the Ginger Girls wishes to state to the patrons that he will produce some of the best shows this week changing each night that he has delivered yet, with special scenery and new catchy songs that the theater-going public demands also to mention the big wrestling match between Newark's favorite mat artists, Mooncath and Vance Wallace in a match pushed to the limit. This is a bonafide show to the finish. Today and night furthermore a rip roaring farce comedy, 'Fun in a Cabaret.' You all know the calibre of this attraction, so pay a visit Monday and see the big double show for the same money. Hear and see the harmony three in sound and the latest hits. All new faces this week in the principal line. Don't miss this show tonight.

SAYS PHILIPPINES
ENJOY PROSPERITY

Col. J. J. Rafferty.

Good roads, schools, fine judicial, legislative and executive systems, pure drinking water, electric lights, bridges, telephones, railways, and a greater degree of prosperity than the islands have ever experienced before. These are some of the features of the Philippines today, says Col. J. J. Rafferty, collector of internal revenue of the islands, who is now visiting the United States.

YOUTHFUL, BEAUTIFUL
SKIN EASY TO HAVE

You may be as healthy as a bird in the air and still have a poor complexion. Changing seasons and temperatures, winds, dust and dirt are apt to injure any skin, even though the general condition be good. When these external influences spoil the complexion, the natural thing is to remove the spoil by a drug store remedy, which is instantaneous. There's no reason why any woman should not adopt this simple treatment. Get an ounce of mercolized wax and apply it every night like cold cream, washing it off mornings. This will not fail in any case. To quickly remove wrinkles, signs of age and age, bathe the face occasionally in a solution of powdered salicylate, one ounce dissolved in a pint of water. The result is so noticeable and instantaneous, will surprise you greatly. The ingredients are of course perfectly harmless.

SERVICE.

Mr. J. Howard Jones, President
of the Newark Rotary club, sends a
note to The Newark Advocate today
announcing that he will handle
without any charge whatever, all
legal business of Licking county's
enlisted men or their dependents
while the war lasts unless he himself
should enlist in the service.

In this generous offer of Mr.
Jones lies a suggestion that hardly
needs to be pointed out. Perhaps
some doctor or dentist or men in
other lines of activity will want to
follow with a tender of service.

The men who enter the war in
many instances go at a great personal
sacrifice. Many give up good po-
sitions or a profitable business to
serve their country at small pay. It
is up to those of us who stay at
home, not only to subscribe liberal-
ly to the Red Cross for the protec-
tion of our boys in the field but also
to render what service we can to
help the soldiers' dependents and by
acts of generosity and kindness,
show appreciation of the sacrifice
our boys are making in enlisting in
the army or navy.

In a few days the soldiers' badges
are to reach Newark. They will be
engraved with the name and address
of the owner and distributed. These
badges are given by nearly 1400
Licking county people who have
contributed through this newspaper
to the fund for their purchase. These
badges are a slight recognition of
the public's appreciation and will be
treasured by the recipients but it is
just such action as Mr. Jones has
taken that will touch the hearts of
our boys who go to war. If the
soldiers know that the people back
home appreciate fully the sacrifices
they are making and if that apprecia-
tion is manifested by offers of serv-
ice as well as expressions of praise,
then will our boys go into the field
beyond up with the knowledge that
they are doing something worth
while and that their interests and
their dependents are being carefully
looked after by friends back home.
Friendship and Service—they are
great.

A PATRIOTIC DUTY.

This is our fight. We were forced
into the war but now that we are in
it we'll finish it. Make it possible
for the Red Cross to keep our sol-
diers fit to fight. The Red Cross
has a tremendous task to perform
but by the generous help of the
American people it will do it. Lick-
ing county is responding nobly but
many who can and should give have
not as yet done so and others have
given little where they should be
more generous.

The Red Cross must remove to
France a great quantity of surgical
material, hospital supplies and am-
bulances, equip thousands of doc-
tors and nurses and take care of
them in France. All this is for our
soldier boys who deserve the best
care that America can give.

This war must be won by Amer-
ica. The quicker it is ended, the
smaller will be the sacrifice of men
and money. Because you bought
Liberty bonds is no reason for be-
ing stingy with the Red Cross.
Your Liberty bond purchase was an
investment—the best in the world.
Your gift to the Red Cross is not a
charity—it is a patriotic duty.

A FINE RECORD.

The Associated Press has carried
to hundreds of American news-
papers the remarkable record that
Newark and Licking county have
made in the Red Cross campaign.
When the local committee an-
nounced that this community would
be asked for \$39,000 many were

Daily History Class—June 25.

1530—Confession of Augsburg, drawn
by Luther, Melancthon and others,

ASTRONOMICAL EVENTS.

Two groups of third magnitude stars,
belonging to constellations Centaur
and Lupus appear low in the south in
the evening.

heard to remark that "It couldn't be
done." Then word came from Wash-
ington that Licking county's quota
was \$40,000. The county was well
organized and hundreds of men, in-
cluding the busiest men, went to
work. The result shows what co-
operation, team work will do. Lick-
ing county did not import a high
salaried man to superintend the
job as did other communities. The
home people did the work them-
selves. The subscriptions are now
about \$54,000 and are still coming
in. Every dollar is needed for the
care of our boys in war. We are
proud of the people's response to
this call for help.

RUSSIA.

The new Russia's devotion to the
cause of democracy against auto-
cracy was repledged in ringing
phrases in Washington Saturday by
special Ambassador Bakhmeteff,
head of the Russian war mission,
who addressed joint session of the
United States Senate and House of
Representatives.

The speaker declared with em-
phasis that Russia rejects any idea
of a separate peace with Germany.
He declared that Russia is aiming
at the establishment of a firm and
lasting peace between democratic
nations and also that the triumph
of German autocracy would render
such peace impossible.

While the Russian situation has
not entirely cleared conditions are
more hopeful and it is confidently
believed that the strong American
commission headed by Mr. Root can
not fail to bring about good results.
Russia has wonderful resources, a
vast army, one-sixth of the world's
territory. Russia needs financial
help, intelligent direction and as-
sistance in the work of reorganization
and America is able and glad to
help in every possible way. Mr.
Bakhmeteff said that Russia will
not fail to be a worthy partner in
the league of honor and we hope
and believe that he is right.

The Rumanians who assembled
in Newark Sunday afternoon drop-
ped over \$500 into the Red Cross
"pot." These Rumanians are now
Americans. They know from ex-
perience what the Red Cross is.
Their handsome contribution to the
hundred million dollar fund is
weighty of more than passing note.

Some people think they have done
their full duty by buying a Liberty
bond. Why the purchase of a Liberty
bond is like depositing money in a
savings bank, only better. One
doesn't deserve much credit for
making a safe investment. A gift
to the Red Cross is real patriotism.

Why don't some of these auto-
mobile speeders go into something
comparatively safe like operating an
airplane on the battle front? If
worst comes to worst, they will at
least be sure of a mighty handsome
monument.

Theodore Roosevelt complains of
visitors to Oyster Bay that peck in
his windows to see far however it has
been recorded that the Colonel
sought seclusion in the barn on such
occasions.

The experienced June wedding re-
porter learns how to emphasize the
bridegroom's business position if he
is a boss, and to pass it over with
vague and ambiguous discretion if
he isn't.

Only about five per cent of the
slackers will have been shown by
the final registration figures. The
German spies weren't reporting
more than five per cent who would
fight.

Two king pins down, and all that
is necessary to get a ten strike of all
the European monarchs is to get one
of those inshoots right into the head
pin, Kaiser Bill.

In more bucolic days hailstones
were always reported to be as big
as hen's eggs. In these more ath-
letic times the correct comparison
is to say they are as big as baseballs.

This year there are other ways of
demonstrating our patriotism than
by having our children blow their
fingers off with fire crackers and toy
pistols on July Fourth.

From the delay at Washington,
it looks as if so far the food spec-
ulators had declined to give Congress
permission to pass a food control
bill.

Some people believe all they hear,
and other believe twice as much.

FOOD and WAR

Shortage in raw materials gives rise to alarm among manufacturing
interests—America must apply every resource to meet the world's demand
for food—Labor saving machines and man power on the farms vital
factors in economic crisis—Appeal for government action.

Government action ensuring the farmers of America ample supplies of
farm implements and competent farm labor is vitally necessary to this
country's future participation in the war, declare the manufacturers of farming
tools and machinery in the United States. This action must be immediate and
radical, they say, or in 1918 the United States will fail to produce foodstuffs
necessary to feed the civil population of our allies and to keep the allied armies
in fighting trim.

This declaration is made in a public statement by the National Implement
and Vehicle Association, whose members manufacture most of the farming
implements used in and exported from the United States. It is the Associa-
tion's answer to an anxious inquiry about reports of a prospective implement
shortage addressed to it in behalf of the country's farming interests by ex-
Governor W. D. Hoard of Wisconsin, one of the leaders of American agricul-
ture and publisher of Hoard's Dairyman. The statement, which is signed by
Charles S. Brantingham, Chairman of the Association's Executive Committee,
says:

"The truth is, that unless prompt action is taken by the Government, our
country is headed straight toward the same mistakes that have resulted in
compelling our allies to appeal to us to save them from famine. Unless we
protect the production of labor-saving farm machinery and the supply of
skilled farm labor we, too, must soon face a shrinkage of food supplies. Any-
body can realize how calamitous that would be in the military as well as the
economic sense.

"The trouble with the food production of Europe is far from the battle
zones, in fields that lie idle for lack of men and machinery to cultivate them.
The same trouble is due to overtake us soon. Without such action as is here
suggested and urged, the farmers of the United States will not have enough
machines or men in 1918 to meet the demands upon them.

"We are now confronted by shortages of raw material and factory labor
that will begin to be manifest in shortages of certain lines of farm machinery
this fall and will result in serious shortages in many vital lines next year.
Stocks on hand in important kinds of tools and machines are smaller than
in normal years, because of earlier scarcity of factory labor and a rapidly
tightening scarcity of all raw materials. Present and prospective conditions
as to both elements make it certain that the shortage of our output will soon
be serious.

"Farmers have deferred during the last three years the replacing of old
and badly worn tools and machines. Now, confronted by the practical cer-
tainty that the war is to continue indefinitely, with attendant assurance of a
heavy demand and high prices for all their products, and by an inevitable
shortage of farm labor, they cannot put off longer replacements of worn out
machines and the additions to equipment necessary to increase acreage and
production.

"It is also essential to meeting the demand of the farmers for implements
that there shall be preference in transportation for raw materials to the fac-
tories and for finished goods from the factories to the farms.

"For the last ten years farm labor has been more and more difficult
to secure, and now with an enormous increase in the demand for labor in mun-
ition factories, and the withdrawal of many young men from productive oc-
cupations, there is bound to be a shortage of farm labor such as this country
has never known. In Kansas alone a vast number of fertile acres on which the
wheat crop failed will lie idle this summer, chiefly for lack of labor and partly
through lack of machines to replant to corn.

"We regard it as vital to keep on the farms the men now there who know
the business, especially the men trained in the use of labor-saving machinery.
It would be wasteful and foolish to let them go and afterward try to replace
them with unskilled men.

"We seek no advantage for our industry over any other, but we realize
and we want the public to realize that without this product and without suf-
ficient labor the farmers of the United States cannot increase or even maintain
their production of foodstuffs next year. To avert the calamity that such a
condition will surely produce, our industry and the farming industry which
it chiefly supports must be put upon the same preferred basis as the making
of war munitions, even if other less vital industries suffer thereby for ma-
terials and men. It is as important to fill the soldier's stomach as his cartridge
box.

"It is also the imperative duty of the United States to keep up our exports
of agricultural implements. Our allies look to us now more than ever for labor-
saving equipment for their farms. Every farm implement and machine we can
send abroad will help powerfully to relieve the drain on our own resources of
foodstuffs. It is better for ourselves and our allies to send them the means of
production rather than the product.

"These are the measures that we declare to be vital to the feeding of this
nation and its allies next year:

"1. That the manufacture of farm materials be given equal preference
with the manufacture of war munitions as regards supplies of necessary raw
materials.

"2. That service to the country in farm machinery factories be considered
of equal importance with service in munition making plants, Government or
private.

"3. That labor on the farms be considered as of equal importance with
the production of war munitions.

"4. That the raw materials for farming machinery and the finished goods
be given equal preference by the transportation agencies of the country with
munitions of war.

"These measures must be taken immediately to be effective, because the
use and demand for farming machinery are seasonal. We must have right
now materials and the men to make the farm machinery that the farmer at
home and abroad must use this fall and next Spring. Delay in action will
be as disastrous as failure to act at all."

CAN ALL YOU CAN.

(Philadelphia Record.)

In the present food and labor sit-
uation, says Secretary Houston, of
the Department of Agriculture, no
household is justified in looking to
others to release it wholly from in-
dividual responsibility and construc-
tive action in saving and conserving
the necessities of life. A happy-go-
lucky reliance upon the customary
methods of supplying our wants
at war with the conditions. The
transportation systems of the country
will be required to supply its own
needs to a greater extent than it
ever before. And every individual
family will have to practice self-help
in an unwonted degree. Particular
care should be taken that nothing is
wasted and that perishable eatables
when they are abundant are pre-
served against winter's want.

In plain terms, the long-overlooked
home industry of canning, pre-
serving, pickling and drying will
have to be restored. The "cold
pack" method of canning vegetables
is simplicity itself. A washbowl
and glass jars (tin cans will be hard
to get) are the only equipment re-
quired; a level teaspoonful of salt
for each quart jar is the only pre-
servative needed. The vegetables are
placed in the jars while cold, the jars
placed in the washbowl, covered
with water one inch over the light-
fastened top and the water is
brought to a boil. This sterilizes the
contents of the jar and completes the
process. The period of heating and
sterilization varies; and the differ-
ence between canning vegetables and
canning fruit is that in the case of
the latter sugar is substituted for
salt. The simplicity of the process
makes it quite feasible to preserve
a single jar full at a time—so, if
there are a few berries or string
beans more in the house than are re-
quired for the day's dinner, they may
be canned. The home gardener, of
course, will see to it that his sur-
plus crops are preserved.

The probable scarcity of jars as

well as of tin cans makes a resort to
drying advisable with respect to all
fruits and vegetables that can be
preserved in this manner. Dried
food can be kept in paper bags, sealed
against insects; and drying is
even simpler than canning. Sliced
vegetables and fruits are laid out in
the sun over a stove or before an
electric fan, until the surplus water
has been driven out—that's all.
Soaking in water will bring back
dried vegetables practically to their
original texture, and they may be
cooked the same as fresh ones. Ask
your grandmother—she'll know. Or
ask the Department of Agriculture
at Washington for its recently pub-
lished "Farmers' Bulletin" giving full
directions as to methods of canning
and drying.

Can all you can. It may mean a
difference between want and plenty
to the family next winter. At the
very least, it will relieve you from
the monotony of a diet of roots.

THE NUMBER ENGAGED.

(Columbus Sunday Dispatch.)

It is conservatively estimated that
there are at this time twenty-four
million men in the armies now en-
gaged in war, exclusive of the United
States and Japan. It is also esti-
mated that the total populations of the
nations at war, exclusive of the colonies
and of the United States and Japan,
is four hundred and fifty million.
This would give a male popu-
lation over 17 years of age, of a
hundred and fifty million.

According to these figures, one in
every 19 of the total population of
the warring nations, is under arms,
or one in six of the male population
over 17. If we should keep up the
average, we would need an army of
approximately six million men.

There has been a good deal of talk
about England's part in the war.
There are those who do not seem to
think that Great Britain is really
doing her part. But when the fig-
ures are examined, it will be found
that indeed Great Britain is far above
the average, in that she has one sol-

"DON'T FORGET ME, MISTER"

dier out of every eight of her popu-
lation, and one in three of her male
population over 17 years of age. This
includes Canada and Australia, but
does not include India and Africa.
If we should keep up with Great
Britain's average, we would have an
army of something like twelve mil-
lion men, and if all of the warring
nations were doing as well in the
matter of furnishing soldiers as is
Great Britain, there would be fifty
million instead of twenty-four mil-
lion men under arms at this time.

Pointed Paragraphs

It is easy to carry a motion in ar-
most any Russian body for an attack
on the enemy, but exceedingly hard
to communicate any particular mo-
tion to the army.—Chicago Herald.

From the way the Senators are
acting, the food control bill must in-
spire recollections of boyhood days
and the second piece of pie.—Indi-
anapolis News.

The Prussian Minister for Educa-
tion has instructed school teachers
to hold before the children the
Kaiser's great merits, and the na-
tion's indebtedness to the Hohenz-
ollerns. Evidently doubts are be-
ginning to be harbored somewhere.
—Milwaukee News.

Strange as it may seem, there are
men who regard themselves as good,
patriotic citizens who refuse to give
the Red Cross a red cent.—Kansas
City Journal.

the Washington dispatches dealing
with the treatment of the food con-
trol bill?—Macon Telegraph.

Spirit of the Press

Another Atrocity.
"Artists will have to choose be-
tween America and Germany," says
the German Stage Society. No
leaves of absences will be granted.
And if any singer succeeds in jump-
ing a carefully prepared passport
hurdle, reaches this country and
takes a contract, he or she will not
be permitted to sing in Germany for
five years. It's sheer German har-
barism to cut off our Wagner with
one slash of the schlager.—Brook-
lyn Eagle.

Summer Reading.
As regards children, summer read-
ing is doubly important. An alto-
gether idle vacation hurts the boys
and girls. The sudden release from
school duties may, unless the gap is
wisely bridged, have demoralizing
effects. When the teacher lets go
the parents must see that the chil-
dren return to school next autumn
none the worse for the long holiday.
—Spokane Spokesman-Review.

One Big Chance.
The revised program for Ameri-
can participation in the air service
thus attains proportions beyond the
expectations of most persons. We

These hearts that start at once into a
blaze
And open all their rage, like summer
storms
At once discharged grow cool again
and calm. —C. Johnson.

Down.
When making beds the maid was seen
To beat the pillows, by Miss Brown;
"Oh," said she kindly, "it is mean
To hit a pillow when it's down."

Will's Frank About It.
Aunt Caline says:—To ever-buddy's
grate surprise Will B. Goode
has been a-comin' quite reglar to
church an' Mr. Loud Talker he was
some gratified to think his sermons
wood draw Will
into the fold. But
at last ever-buddy
noticed that Will
he alters set into
the back sete an'
no sooner had
Mr. Talker en-
tered into the in-
nards of his ser-
mon than Will
wood settle his-
self into the cor-
ner of his sete an'
sleep most peace-
ful an' never
wake up even for
the collection.

An' so Mr. Talker he says to him,
"Mr. Goode I have wondered jest
why you come to church fer you
don't do nothin' but sleep all
through the sermon. You cood sleep
at home with more comfort," he
says some sarcastical. "That's
where you air rong," says Will, "I
can't. We hev two monny flies at
home," he says, "an' they haint
none at church," he says. Which
Will haint got no screens to his
winders.

Did You Know
That flax is not indigenous in
America? It is a native of Egypt,
some parts of Asia, and of the south
of Europe, though it is now natural-
ized in America. The plant is valu-
able both for the fibers of its inner
bark and for its seeds. The fiber of
the inner bark, when separated from
the bark and from the inner woody
portion of the stem, is the material
from which linen and cloth are
made, and used for both the finest
and coarsest fabrics,—for the most

will not merely do our share in
fighting the submarine and in main-
taining air supremacy on the West-
ern front, but will seriously endeavor
to obtain complete domination of
the air over German armies and
lines of communication. By so do-
ing, the German gunners are rendered
blind for all practical military
purposes and the task of our troops
and the soldiers of our Allies is
rendered simpler and safer. This is
one big thing which America can
do promptly and effectively.—Buffa-
lo Commercial.

QUAKER QUIPS.

(Philadelphia Record.)
The man who takes his own time
isn't half as bad as the fellow who
takes ours.

You never can tell. Many a man
believes in making himself useful
who objects to being used.

Money talks, but, naturally, we
prefer a friend to be close-mouthed
rather than close-fisted.

Conscience makes 'rounds of us
all, but it isn't conscience that keeps
a man from fighting for his country.

The people who, a few weeks ago,
were demanding peace at any price
are now waiting to get it on the bar-
gain counter.

Saving the Country.
Miss Faid—Have you decided to
do your bit?

Society

The engagement of Mr. Beman Gates Dawes, Jr., to Miss Jeanette Newton, a student at Wellesley college, daughter of Mrs. Elsie Newton and the late William Newton of Marietta, was announced last week. Mr. Dawes is the son of Mr. and Mrs. Beman Gates Dawes of Columbus, and formerly of Newark. He was graduated this year from Marietta college and is now with the Marietta ambulance corps in France. He went abroad with General Pershing's army.

The first West End Bible Study met at the home of Mrs. G. F. Haas, 53 State street, Friday. Those present were Mrs. Dennis Orr, Mrs. George Cooper, Mrs. B. F. Snyder, Mrs. S. E. Wells, Mrs. Chas. Ahl, Mrs. G. F. Haas, Mrs. W. J. Johnson. Next meeting will be held Friday at the home of Mrs. Dennis Orr, 179 Mahon street. Leader, Mrs. G. F. Haas.

The members of the Silent Circle of The King's Daughters and Sons will be entertained at the home of Mrs. J. F. Stuck in 225 Granville street, on Tuesday evening, June 26, at 7:30 o'clock.

Schlusser—Donovin.
On Sunday afternoon at 4:30 o'clock, Rev. A. B. Cox of East Main Street U. B. church officiated at the marriage of Miss Agnes Donovin and Mr. George W. Schlusser. The ceremony took place at the home of Mrs. Mary Schlusser in Lawrence street.

According to a special dispatch to The Advocate, the marriage of Miss Mary Crilly, daughter of Mr. and Mrs. A. J. Crilly of Cedar Hill cemetery, and Mr. Frank M. Childs of Hudson avenue, was solemnized at Waukegon, Ill., last week.

The bride, who is a nurse, has been located at Lansing, Mich. Mr. Childs is now in the officers' reserve training camp at Chicago, Ill.

DIALECT POEMS.
A fourteen-year child from a Brooklyn High school, Sally Hamlin, recites two favorite dialect poems of James Whitcomb Riley—"Our Hired Girl" and "The Ragged Man" for the Victrola, and they seem unusually attractive because interpreted by a real child artist. Harry E. Humphrey, lives Edwin Markham's poem, "Lincoln, the Great Commoner," and Col. R. G. Ingalls' Memorial Day address, "Visions of War," with distinction and clarity of diction; and Ralph Bingham contributes two excellent numbers, "Home Run Bill's Defense," a good baseball story, and a dramatic railroad narrative, "The Hold-up at Buck Run."

STATE SCHOOL CERTIFICATES.
Announcement through the office of the state superintendent of education, 20 special state life certificates to teach have been granted. Among those who got state life school certificates are Mary Connell of Mansfield, Cora D. Debes, Mt. Vernon; Harry M. Flegal of Zanesville, Bertha K. Patterson, Mansfield; Harry L. Pine, Cambridge, and Anna E. Robinson of Newark.

FORMER KENYON MAN DIES.
East Liverpool, June 25.—William W. Sant, aged 26, a graduate of Kenyon College, according to a telegram received here yesterday by relatives, is dead at Cairo, Egypt, where he was a field secretary for the Y. M. C. A. with the British troops.

A number of children had to be refused enrollment in the summer school, for they applied after the enrollment, and the attendance is so large that they could not be cared for.

Over 365 are daily attending the school in the Central building. The school includes all grades through from the first grade to the last grades in the high school.

Glorious Remedy for Corns

Is Prompt and Painless
You'll be tickled to death at the painless, quick removal of all your corns once you paint on Putnam's Ecz. tractor. Do it to-day! Dealers everywhere have been selling this safe, dependable and sure remedy for nearly fifty years. Only costs a quarter. Does the trick every time. Putnam's Ecz. tractor has to-day the largest sale, and simply because it's by long odds the best.

MARION CLEVELAND, DAUGHTER OF LATE EX-PRESIDENT, TO MARRY NEW YORKER

Miss Marion Cleveland.

Miss Marion Cleveland, youngest daughter of the late ex-President Cleveland, is engaged to marry William Stanley Dell of New York city. The announcement was made by Mrs. Thomas J. Preston, Jr., formerly Mrs. Grover Cleveland. The date of the wedding has not been set.

Obituary

Mrs. Philippine Baker.
Mrs. Philippine Baker, widow of Valentine Baker, who died 12 weeks ago, mother of ex-Councilman J. Phil Baker, died at her home, 210 West Main street, Sunday evening at 6:10 o'clock. She was born in Walheim, Hessen, Germany, August 4, 1842, and was at the time of her death 74 years 10 months and 20 days old. She leaves to mourn her death six children: J. Philip Baker, Mrs. H. J. Johns, Mrs. J. B. Bausch, all of Newark; William H. Baker of Sandusky, Peter Baker and Mrs. A. J. Matthews of Mt. Vernon.

Funeral services will be held at St. John's German Evangelical church, South Fifth street, Wednesday afternoon at 2 o'clock. Burial in Cedar Hill cemetery.

William Crowley.
William Crowley, aged 80, of 751 Kelly street, Zanesville, one of the oldest residents of that city, died at the Good Samaritan hospital at 12:45 o'clock Saturday afternoon, after a long illness from infirmities. He was admitted to the hospital but a week ago, but had been in poor health for some time previous.

He was a prominent member of the St. Thomas Catholic church, Zanesville. Besides his wife, three sons survive: Daniel and Dennis of Newark, and James of Zanesville. The funeral services will be held at St. Thomas Catholic church, Tuesday morning at 9 o'clock. Interment will be made there in Mt. Calvary cemetery.

Elizabeth Frampton Johnson.
Elizabeth Frampton Johnson died at her home near Frampton, Coshoc county, Sunday, after a five-months' illness, having suffered a stroke of paralysis in January. She was born March 23, 1842. She leaves to mourn her loss her husband, two sons: Dwight of Newark, and Clarence of Columbus, and two grandchildren: Mabel and John Johnson of Newark. The funeral will be held Wednesday at the home and burial will be made at Perryton. Please omit flowers.

Milton Magruder.
Milton Magruder, aged 59 years, died at his home, 119 Moul street, Sunday morning at 6 o'clock, after an extended illness with Bright's disease. He was a well known teamster of this city. He is survived by a widow. The funeral will take place Tuesday morning from the home and interment will be made in Cedar Hill cemetery.

Mrs. William M. McFarland.
Mrs. Helena McFarland, wife of William M. McFarland, died at her home, 220 German street, Saturday night at 11 o'clock. Mrs. McFarland had been in failing health but her illness was not serious until a week ago. Death resulted from stomach trouble and other complications. The deceased was aged 60 years, and is survived by her husband, two sons: William McFarland of Cleveland, and Fred McFarland of the United States navy, and two daughters: Mrs. Carrie M. Weaver and Miss Mary McFarland.

The funeral services were held at the home in German street, at 2 o'clock this afternoon and were private. Interment was made in Cedar Hill cemetery.

25 Years Ago

(From Advocate June 25, 1892.)
The infant son of James Seward, the mail clerk, met with a painful accident this morning when he was seated in a buggy on the porch of the residence, in some way the cab

rolled off the porch throwing the child down the embankment.

The Y. M. C. A. wheelmen of Newark will soon begin their series of competitive road races by a 10-mile run.

Miss Emma Brown of Dayton, is visiting at the home of her cousin, Edward Kibler, North Third street.

Mr. and Mrs. J. B. White of West Carlisle, Coshoc county, are visiting at the home of L. B. White, North Third street, for a few days.

A small barn upon the property of Mrs. Harriet Wilson, Chestnut street, was consumed by fire yesterday afternoon about 4 o'clock.

15 YEARS AGO.
(From Advocate June 25, 1902.)

Mrs. Sarah Hollinger and daughter, Miss Elsie, attended the Denning-Lewis wedding today in Granville.

The dedication of the new fountain and wells in the courthouse park will take place Saturday, June 28.

Mrs. Margery Collins, wife of Dr. J. W. Collins, North Second street, died this morning at her home.

P. F. Rhoads, the well-known tailor, is out again after a long illness.

Mr. and Mrs. Frank Timms, Morris street, entertained a few friends at dinner Wednesday, for Mr. and Mrs. Lee Barr of Washington, Ind.

Mrs. George W. Cordray and Mrs. Annis Lawhead gave a charming reception in honor of Mrs. Thos. Davis of Nashville, Tenn., and Mrs. David P. Cordray, yesterday.

The World War a Year Ago Today—June 25.
Russians captured Kimpolung, Bukovina.

Italians began an offensive movement in Trentino. Austrians reported in general retreat.

French failed in attacks at Dead Man's hill.

British held 1,619 Irish prisoners in connection with the Sinn Fein revolt; 161 others were convicted and 1,171 released.

Two Years Ago Today.
Russia prepared for autonomous government in Poland.

Abe Martin

It's all right 't' be poetic if you kin spare 't' time. A mother is a great institution, but a father nearly alius has 't' interfere when she buys clothes fer a little boy.

You never can tell. Even the fellow on the stool of repentance has climbed upward.

Personal

Mrs. Henry Jones and daughter, Beatrice and Emma Rettke of Tenth street, spent Sunday with Mr. and Mrs. Jenkin Jones of Granville.

Mrs. Zane Wickham and children, Kathryn and Roy accompanied by Mrs. Wickham's father, Frank Beaver of Columbus, attended the Beaver family reunion which was held in Alexandria, Saturday.

Mr. and Mrs. Chas. A. Smith of North Seventh street, have gone on an automobile trip to Cleveland.

Andrew Engstrom who is employed in Coshocton spent Sunday at his home here.

Mrs. S. R. Reel and son Conboy of Zanesville and Mrs. Janet Conlon of Pittsburgh spent the week end at the Siegel home in South Second street.

Mrs. Katherine Wright who has been the guest of relatives here returned to her home in Toledo.

Miss Lucetta Keegan of Woodfield is the guest of Miss Estella Devlin at her home in Morris street.

Miss Mary Hartman has returned to her home in Indianapolis after visiting at the home of Mrs. Ed. Jones and family of Moul street.

Misses Madeline and Elizabeth Chalmers of Moul street are visiting in Piqua the guest of friends.

Mr. and Mrs. J. Ebner of Columbus spent Sunday with Newark friends.

Miss Esther Beers of Cleveland, was the week-end guest of Mrs. Eugene Ball of Clinton street.

Calvin Hazlett of Hudson avenue, son of Rev. C. G. Hazlett, returned home from W. & J. university, Saturday evening, graduating with highest honors. His father, mother, sister Elizabeth, and brother attended the commencement exercises.

Arthur Hampshire was taken from the City Hospital to his home on 555 Elmwood avenue, Saturday night in the Bazler ambulance.

Milady's Boudoir

Luxuries of Milady's Bath.
Every woman may add certain so-called luxuries to her bath at trifling expense. Soaps are too drying in many cases and are responsible for a distressing shine to the skin for others and even the best toilet soaps affect with bran, orris root and almond meal, cleanse and beautify the skin. They remove roughness and refine the texture. Cheese cloth bags, or six inches square, are made and filled according to directions. Here is a good one: One-half a pound of oatmeal, four ounces of powdered orris root, four ounces of prepared almond meal, and the fourth of a pound of olive oil soap dried, scraped and shaved. Two ounces of orris root to a pound of bran is sufficient for a simple combination. The bath is done by mixing the oatmeal, powdered orris root, almond meal and powdered Castile soap.

Not many women think of a bath as a means of securing and relaxing nerves but there are a number of excellent baths for just this purpose. A simple bath of two ounces of tincture of camphor, one ounce of benzoin and four ounces of rectified spirits. Mix thoroughly pour into the bath sufficient to make the water lukewarm and hot. A slight fragrance. Soap of an excellent quality may be used in this, or just step into a four bath, remaining there for 15 minutes, gently rubbing the neck, face, neck, shoulders and arms.

All baths should be taken slowly, relaxing the nerves and muscles and giving oneself up to the enjoyment of the little water in the tub and a little liquid to sponge the body thoroughly. The alternative to this is to use the atomizer in spraying the body heavily with water, and should you have any too strong, dilute with a little alcohol.

Beautiful Hands and Nails.
Beautiful hands are, of course, a natural gift. Everyone cannot achieve a plump, satin smooth hand with tapering fingers, rosy at the tip and ornamented with oval nails at one end and dimpled knuckles at the other. But the average hand, not deformed by hard work or accident, may be made a most attractive feature of the personality if fastidiously cared for.

The nails are not the only important factor of a beautiful hand. A dollar a week spent at a manicures may assure delicately pretty finger tips, but the rest of the hand may be red, rough and worst of all, awkward. Manicuring may be done very successfully at home if one has the proper utensils and knows how to go about it, but first a visit to a good professional manicure will be of profit, for one can by watching her methods carefully derive a great deal of useful information about the care of the fingers.

Devote 20 minutes twice a week to the nails, and then 5 minutes a day, and these members ought to be always in the dainty and immaculate condition a gentleman's finger tips should show.

Never clean the nails with a steel implement as it will scrape the under side of the nail and leave a white mark which is not attractive any more than the darker mark of soil. Always use a pointed orangewood stick, or if you happen to be where such a stick is unavailable, use an ordinary match.

A Dainty Hat for Summer Wear

Some lace, a flower, a bit of ribbon and a band of fur are combined in a hat which will add a finishing touch to any afternoon frock. The wearer is Gail Kane, stage and screen actress, who is known among women for her ability to keep up with the fashions.

MILITARY BONNET

QUAINT AND SMART

The touch of the military is seen in everything wearable, but nothing can surpass the distinct, martial air that surrounds this straw helmet. The broad peak shields miladi from the burning sun. The red star embroidered on the white straw commands attention and declares one to be a loyal patriot. The crown is raised high in front, suggesting the officer. The idea is further carried out by the chin strap which secures the bonnet and keeps it at just the right angle.

scraped to a blunt point with an ordinary pair of scissors or a knife.

If the nails are kept sufficiently soft by proper brushing and washing with warm soapy water, they will not require strenuous scraping with a sharp instrument to make them clean. Every night, before retiring, give the hands a thorough bath in warm water, using the nail brush generously. Then, before drying them, rub a little cold cream into the back of each hand and up the fingers, over the knuckles. Then dry thoroughly and you can go to bed with a clear conscience.

Our Boys and Girls

Why is it that, as a rule, families are harsh and discourteous to those nearest and dearest to each other? I once knew two little brothers, fine bright boys, but they had the repugnant habit of quarreling often with each other. One day during a dispute, they became so angered that they fought and one scratched the other on the cheek leaving an ugly wound.

Before the place had time to heal, death claimed the child, and never have I seen so bitter a remorse or grief so keen as the living boy showed when he gazed on the marble-like face of his brother and saw the scratch that he himself had inflicted in anger.

Unselfish love is the fountain from which all good things spring, let us show it to those in the home circle at least.

A woman who has never done any embroidery in her life will often begin to do the fancy stitches when she has the opportunity to make dainty clothes for her own child. The hand-embroidered garments look so often less in the shop than she feels it her duty to duplicate them for her own offspring. The exorbitant prices asked for the hand-embroidered articles make it quite impossible for her to buy them. So she sets to, fully determined to copy the styles.

Every child needs a plique coat for the warm days. On a coat of this material a mother can embroider dainty floral designs, stamping them on the collar, cuffs and down the front. The design can be done in solid eyelet or cross stitches. The latter is really very effective and takes little time. If the coat is made entirely by hand, make French seams, and join the collar with a bias strip of lawn or linen. A scalloped finish the bottom of the coat would be a little more decorative than an ordinary hem.

Every Day Etiquette

"I do not always know just how to do things correctly. Can I obtain a book on etiquette?" asked Nancy.

"For a first or any question where you doubt the certainty as to what is the proper thing to do just apply kindness, common sense and good taste. And you will be as well off as if you had studied manners in a finished school or a book of etiquette," replied her mother.

Granville

[Special to The Advocate]

Granville, June 25.—In the presence of about seventy guests, Dr. George Fitch McKibben and Miss Elizabeth Morris were married on Saturday evening, June 23 at 8:30 o'clock at the home of the bride on West Broadway. Rev. E. D. Barnes of the Granville Presbyterian church, performed the ceremony. The Lohengrin march was played by Mrs. Helen Williams Walker.

The bride was preceded by the two ribbon bearers, Frances Chamberlain and Katherine Rohrer. The ceremony was performed in the living room, where the bride entered with her brother, Mr. Woodbury Morris. The bridal gown was of white satin with a crystal head embroidery, while a wreath of orange blossoms held the tulle veil in place. Miss Morris carried a shower bouquet of bride's roses and white sweet peas.

The house was attractively decorated in festoons of green with great clusters of pink roses.

Among the guests attending the wedding were Mr. and Mrs. Woodbury Treat Morris of Indianapolis; Mr. Ellis Morris, Chicago; Miss Eleanor Wright, Mrs. Roberts B. Kidd, Mr. and Mrs. W. R. Biddle, Mr. and Mrs. George Walker, all of Cincinnati; Mr. and Mrs. A. D. Rogers, Mr. and Mrs. H. B. McKee, Mr. and Mrs. Harry H. McMahon, Mrs. Thaddeus Longstrech, Mr. and Mrs. Elenore Hutton all of Columbus; Mrs. L. J. Evans, Chicago; Mr. and Mrs. O. M. Arnold, New York; Miss Ruth McKibben, Cleveland.

After the trip on the lakes, Dr. and Mrs. McKibben will be at home on West Elm street, Granville.

The Art League of Columbus held the annual outing in Granville Saturday afternoon and evening as guests of Mr. and Mrs. A. C. Fauley. They explored the hills, and found diversion in naming various interesting points after members of the league. Supper was served at the Fauley home, and the evening was agreeably spent on the terrace in the rear of Mrs. Ogden's home on the Gilpatrick road, where Mr. Fauley posed several striking landscape pictures in a "life size" frame placed in front of the little artcraft shop. Several interpretive dances were given by members of the league, Miss Yvette Smith, little Violet Lundberg and Miss Walters of Columbus and Miss Darrow of Granville, who posed as the Dutch girl in the big frame.

Miss Hayden of Chicago is at "Oakdene" where she has consented to remain during Mrs. Ogden's absence in the East.

At the union service in the Presbyterian church Sunday evening, Rev. E. D. Barnes, pastor, presided; Rev. Otto Siesma read the Scripture and offered prayer; Dr. Millard Brelsford made the announcements and pronounced the benediction. Excellent music was furnished by Mrs. J. W. Rohrer and the choir, with Miss Elizabeth Evans at the organ. Rev. E. D. Barnes read a letter from Harry C. Hoover urging the co-operation of housewives in conserving the food supply of the nation. He spoke also of the splendid campaign made by the Red Cross organization during the past week, giving praise to the chairman, Mayor C. D. Coons, for the efficient manner in which he has conducted his campaign. Mayor Coons in his crisp and telling speech, announced the results of each day's drive, giving as the total to date, \$3,753, with \$1,947 paid in. He took the occasion, publicly to thank the contributors, the canvassers, the district committees, the advertising and publicity committee, the Boy Scouts, the business men who gave window space, Austin & Case for their benefit, the entire proceeds of which were turned over to the committee with an expenses deducted; the local Red Cross committee for valuable assistance and co-operation, and to the pastors and officers of the churches in giving up two services to unite in common cause. He announced that the last meeting would be held tonight at 8 o'clock, and that any who had been overlooked in the canvass would still have the opportunity to turn in pledge cards.

Mention must be made of the "dodgers" announcing the movie benefit which were a free gift from W. H. Kussmaul, editor of the Granville Times.

The beautiful bunting flags which decorated the lobby of the Opera House for the movie benefit Friday, and will remain until this evening, with the six small silk banners of the allied nations, are the property of Mrs. Mary Dundee, who will loan them to the Red Cross headquarters.

At the service last evening, W. A. Holmes was asked to give a synopsis of the work of the Granville Chautauqua to be held here August 2-12 in connection with the Baptist Assembly. It is well planned and presents a great opportunity to people of the community. Announcements will appear in this column from time to time of special features and special attractions.

Mrs. Lillian Green was called to Centerburg Saturday by the illness of her brother, and will remain there for several days.

President C. W. Chamberlain attended a meeting of the building and grounds committee of the Denison board which was held in Dayton Saturday. Dr. Chamberlain with Edward Canby of Dayton leaves this evening for Washington where they will hold another conference on Tuesday with E. A. Deeds, Andrew Swasey and Mr. Flagg.

Mr. and Mrs. George Walker, who motored from Cincinnati for the McKibben-Morris wedding Saturday evening, returned home Sunday.

GETS NEW GRIP ON HIS BUSINESS

Newark Pharmacist Thanks Taniac For New Energy.

"I go down to the store with that 'bell the goods' feeling since taking Taniac," said J. L. Benner, pharmacist at W. A. Erman's drug store, Newark. Mr. Benner has handled drugs and medicines for a long time and he knows what he is talking about when he says Taniac is a wonderful tonic.

"Before I took Taniac my stomach troubled me all the time," he continued. "I didn't care much for food of any kind and when I did eat gas formed on my stomach, and a bad taste came up in my mouth. I was also bothered with bloating and belching. My nerves were edgy and I did not sleep well. I got up feeling tired and often had headaches. I had daisy spells and sometimes when I stooped over and then raised up quickly I had a swimming feeling in my head."

"After taking one bottle of Taniac my appetite came back and I was able to eat a good meal without feeling bloated or distressed afterwards. I am not troubled with gas on my stomach any more and I don't have that bad taste in my mouth. I get a good night's sleep now and get up feeling well rested and refreshed. I don't get tired so easily and I don't have those dizzy spells. Taniac is the best system builder I ever took."

Taniac is a purely vegetable tonic and is especially designed to build up run down people.

Taniac may be obtained in Newark at Erman's Arcade drug store; in Hebron at Hebron Drug Co.; in Alexandria at C. M. Gilmore's; in Pataskala at J. R. Sirrine's; in Granville at W. P. Ullman's.

NATIONAL FUND FOR RED CROSS IS NOW 75 MILLIONS

(ASSOCIATED PRESS TELEGRAM)

Washington, June 25.—A thousand and American cities were striving today to swell the Red Cross war fund to an even \$75,000,000. With national fund over \$70,000,000, war council officers were confident that by the close of the day the entire fund would be in hand. It is not certain they say, that the day's report would reach the one hundred million mark for the reason that the closing day of the campaign was one of intense activity all over the country and complete returns would not be made in hundreds of instances, until after the round up tonight.

Directors of the campaign were free in stating, however, that they were not at all apprehensive that the completed \$75,000,000 would not be raised. It would take until Tuesday night, they said, to tell the whole story.

FOUND MAN MURDERED.

Conneaut, O., June 25.—A body of a murdered man, supposed to be that of Henry Hedlund, a sailor, of Ashtabula Harbor, was found today at Kelsey's Run, a hang-out for hoboes near here. Eight hoboes were taken into custody. This is the second body of a murdered man found at this place within a week.

RED CROSS SUBSCRIPTIONS.

Mr. C. H. Hohn has sent \$20 to The Advocate and Mrs. M. O. Griffith \$1.00 to be added to the Red Cross fund.

MAY PROSECUTE IN ITALY.

New York, June 25.—If the government's efforts to extradite Alfredo Cocchi fail he will be prosecuted in Italy. It was announced here today. Arthur Woods, police commissioner, left this afternoon for Washington to consult with Secretary Lansing.

DETECTIVE IS KILLED.

Cleveland, O., June 25.—Lieut. A. W. Stanley, Nickel Plate railroad detective, was shot and killed by one of a gang of hoboes whom he tried to drive from a Nickel Plate train at the Broadway depot today. He was shot three times. Police are holding one man.

DRESSES AWARDED TO NEWARK YOUNG WOMEN

Miss Grace Dewey, of 223 Hudson avenue, and Miss Grace Smith of Grandview street, were each awarded a fine linen dress at the Auditorium on Saturday night. The dresses were given by the Red Cross. The contest was conducted by Harry D. Hale for Manager Fenber and the Scholastic Society. The dresses were given to the winners of the contest. The contest was held at the Auditorium on Saturday night. The dresses were given to the winners of the contest.

Miss Leota White and Mr. Samuel Roster were united in marriage at the Second Presbyterian manse today. The ceremony was performed by Rev. Dr. J. H. Anderson. The bride was Miss Leota White, daughter of Mr. and Mrs. Clyde M. Johnson of Eighth street. The young ladies who were fortunate in receiving the dresses were each given an order on Mr. Schiff for the ready to wear linen suits.

Miss Gladys Braman, aged 18, of Ulica, was adjudged feeble minded today and ordered sent to the state institution at Columbus. The physicians were Drs. Hunt and Anderson.

Ray Donaldson, aged 14, of Columbus, was taken into custody last evening for being on the loose. He is being held at the Columbus house of correction. This morning he was admitted having been paroled lately from the boys' school at Lancaster. He was returned to Columbus by Officer Weyer.

Justice Scott's Office. M. J. Neather of Pacific street was brought into Justice Fletcher S. Scott's office on a peace warrant, subscribed to by relatives. The matter was adjusted by the defendant giving bond.

NEWARK BATTERY BOYS MAY GO TO FORT HARRISON. Washington, June 25.—Governors of various states were notified today by the war department that the services of batteries of field artillery from the national guard would be required at the office training camps in connection with the training of the field artillery companies that have now been formed among the prospective officers. One battalion of Ohio and one battalion of Indiana field artillery will go to Fort Benjamin Harrison.

LITTLE ACTIVITY ON FRENCH FRONT; GERMANS RAIDED

(ASSOCIATED PRESS TELEGRAM)

British Headquarters in France, June 25.—Although the official statements report little activity, the British are keeping up their pressure day and night along the entire 120-mile front they occupy. Last night a number of local enterprises were carried out successfully.

One of these operations was rather important, increasing as it does the British grip about Lens. Under the light of the stars British troops stormed and captured 400 yards of front trenches east of Riamont Wood.

Elsewhere several raids in the darkness served to keep the Prussian nerves on edge. One of these was undertaken west of Hulluch. Here fifteen prisoners were brought in while during a period of two and a half hours the British remained in the enemy trenches. Heavy casualties were inflicted upon the Germans and their dugouts were bombarded. Two more raids were carried out east of Roex.

Eat Less; Be More. A fat nation is no good. Lean nations accomplish things. We should eat less and think more, have smaller girls and larger chests; less on the hip and more on the thorax, have fewer potatoes at dinner and more books after dinner, more exercise and less chewing. A strong person can subsist on a little oatmeal and philosophy and outwalk, outthink, and in every way outdo the person who travels the long route from soup to nuts and goes to sleep afterward as an anaconda full of sheep or monkeys might. Life is a lean affair of hungry appetites and ambitions. Then they stimulate to earnest performance. The regeneration of the American nation begins at the dinner table. We need stoutness in soul not stoutness in fat. Eat less and do more. Grow more above the neck and less below the stomach.—Chicago Tribune.

Heathen Shrines. After months spent in idolatrous lands I have been unable to see much real worship in heathen shrines. The educated worship with their tongues in their cheeks and the ignorant with their hearts in their mouths. But the amount of real worship that exists in heathen temples is very small.

Sometimes a bereaved mother will enter the temple and draw from her kimono the tiny bib of a departed little one and tie it to the statue of Jizo, the god of motherhood. Sometimes an old man or woman, almost blind, will enter the temple and rub the eyes of a wooden god and then rub his own in the hope that eternal darkness may not close in on his frightened soul. In some places Buddhist services are as dignified, as well attended and as helpful as our own.—Maynard Owen Williams in Christian Herald.

Graphite as a Lubricant. Graphite, says the Scientific American, is not a lubricant, but an aid to keeping a bearing in good working order by filling up the minute irregularities of the shaft and bearing and producing a beautiful polished surface and in this way reduces friction. To get this result only a very small quantity of graphite is necessary, and if too much is applied it simply collects in vads and defeats the purpose intended. It follows that the proper way to use graphite successfully is to mix thoroughly a small quantity with the lubricating oil at suitable intervals and not to apply it continuously, for when the above mentioned polished surface is formed it will last quite a long time before requiring renewal.

John Bunyan's Indictment. The bill of indictment preferred against John Bunyan ran thus: "John Bunyan hath devilishly and perniciously abstained from coming to church to hear divine service and is a common upholder of several unlawful meetings and conventicles, to the disturbance and distraction of the good subjects of our sovereign lord the king." He was convicted and imprisoned twelve years and six months.

CHURCH PEOPLE TAKE STEPS TO CLOSE SUNDAY MOVIES

The Newark Law and Order League was organized at the Central League of Christ yesterday afternoon by the election of Rev. Chas. H. Stull as president and Rev. R. E. Carman as secretary. The league was organized to close the local moving picture houses on Sunday. No steps were taken toward that end at the meeting yesterday. The Jack Britton-Lewis committee, which also acts as a committee on laws and report at a later meeting.

Previous to the organization the league was organized by Rev. Stull and Rev. L. C. Sparks, these gentlemen talking along the lines of work that can be accomplished by the league, which has as its ultimate object the closing of the local moving picture houses on Sunday. No steps were taken toward that end at the meeting yesterday.

TEN THOUSAND TO SEE BRITTON-LEWIS RIGHT

Dayton, Ohio, June 25.—Boxing fans from many sections of the country are pouring into Dayton today by automobile, interurban and rail to see the Jack Britton-Lewis fight here tonight. Ticket sales gave rise to predictions that all the 10,000 who will be taking the seats will be proved popular because it will be for 20 rounds and a decision.

If superlatives live up to its part, the results may be expected by one of the two. It is the 13th time they have prepared for battle. In the 12 previous matches each won two decisions and lost two. A draw and a no decision contests.

Britton got the verdict in the only 20 round fight in an April last year at New Orleans. He also is credited with a 12 round decision over the Englishman, Lewis holds two decisions, both in 12 round fights.

The last fight, a 10 round affair in New York, is the basis of judgment of many who are backing Lewis to win.

BOTTLE-MAKERS DEFEAT K. OF C. BASEBALL TEAM

The American Bottle Co. team easily defeated the K. of C. baseball club on Sunday afternoon by a score of 11 to 3. The bottle makers had no trouble in holding the Knights to four hits and with perfect support might have scored a shutout.

Jack Britton-Lewis, the great prizefighter, was the star of the game. He hit the bottle makers, Nedrick struck out 11 of the K. of C. batsmen.

Zanesville Y. M. C. A. Campaign.
 Zanesville has passed the \$160,000 mark in its campaign for \$200,000 with which to build a new Y. M. C. A. Mrs. Smucker Getting Along Nicely.
 Milton C. Smucker, who owns a fine drug store at the corner of Madison and Oakley boulevard, Chicago, is now starting a new store in Rogers Park, Chicago. Mr. Smucker's mother, Mrs. Gertrude Smucker, formerly of Newark, recently sustained a fracture of her collar-bone. Mrs. Smucker, who has just returned from Cincinnati to Chicago, is now getting along nicely.
 Collided With Pole.
 Mr. and Mrs. J. I. Wilson of Zanesville, narrowly escaped serious injury late Friday when their automobile became unmanageable and struck a telephone pole near Granville. Mrs. Wilson was thrown against the wind shield and suffered a gash on her nose. The car was not severely damaged.
 Wants Another Trial.
 Dr. James L. Holden, former mayor of Zanesville and retired physician residing at 1050 Bryden Road, Columbus, has filed a motion for new trial in the case in which he was convicted last week of committing a criminal operation upon a Newark girl. The motion will probably be disposed of this week and if against the physician, he expects to appeal.
 A Youngster's Little Joke.
 A little child ran up to her father at home last night and innocently and excitedly inquired if he had heard of the arrest of a Mr. Blank, who was known before the entrance of Uncle Sam into the war to have been a strong supporter of Germany's cause. "Why no, child, I didn't," said father, whereupon the youngster declared that the man had been arrested for having "arms" up his sleeves.
 Soldiers' Badge Fund.
 Mr. R. C. Lawrence has sent a contribution to The Advocate for the soldiers' identification badge fund. This makes the number of contributors 1376, the total amount of cash received \$471.38. The badges will soon reach Newark. The Advocate desires the name and address both home and present address, of every Licking county man who is now in the service of the army or navy. It is necessary to have these names and addresses in order to have the medals engraved and distributed.

MR. WALES COLLINS THE HABERDASHER

In closing out his entire stock of Furnishing Goods. After seven successful years as Newark's exclusive Haberdasher Mr. Wales Collins this morning started to sell out his entire stock of high grade furnishings at ridiculous low prices. Mr. Collins stated this morning that with the present unusual market conditions with the highest prices prevailing and with such slow deliveries on duplicate orders, it was next to impossible to give his patrons the values and services for the money as in years previous. Rather than sell inferior goods at high prices Mr. Collins has decided to close out his entire stock at sacrificing prices, giving his patrons and the public the benefit thereof. He also said the fixtures as well as merchandise is for sale should any one be interested in fixtures.
 This is a fine chance for the men of Newark to stock up for the summer season at the very lowest prices ever offered on high grade furnishings in the city. Mr. Collins also stated that he was quitting the business absolutely or at least until conditions adjusted themselves so he can give the same values for the money which made his Haberdashery career such a success. 25-d-17

Mass Meeting.
 There will be a mass meeting at 7:30 o'clock tonight at the Umstat Hall over Dugan's grocery, corner of West Main and Williams street to form an auxiliary society. Everyone in West Newark is urged to attend.

Drunks are Fined.
 Seven drunks were fined \$5 and costs at police court this morning. There were four cases of drunkenness and disorderly conduct, one man being fined \$5 for being drunk and \$15 for destroying property; another \$5 and costs and another \$15, and two drew the usual \$5 and costs. An old man brought up on a charge of vagrancy was given a chance to leave town immediately, sentence being suspended. Two cases were continued, one to be heard tonight and the other at 8 o'clock tomorrow morning.

Week of Prayer.
 There will be a week of prayer at the Plymouth Congregational church beginning tonight at 7:30. Services each evening and the pastor will make appropriate addresses.
 Social Friends Meet.
 The Pocatontas Social Friends will meet Wednesday afternoon at 1:30 o'clock at the German church to attend the funeral of Mrs. Baker.

Returned Without Fish.
 Thomas Pryor, Harry Wise, Lee Beatty and Harry F. Bowman, all of East Newark, spent yesterday along the shores of Buckeye Lake endeavoring to lure the members of the finny tribe to take their hooks, but the latter were wise, having heard of the prowess of the East Side piscatorial sportsmen, and as a consequence held aloof. They returned to their homes empty-handed.

Visits Son in Camp.
 Charles Moore and son, Stanley, spent Sunday at Port Clinton as the guest of the former's son, Ralph, who is a member of Battery C. They met all the Newark and Licking county boys in camp, 58 of them, and state that all are enjoying excellent health and are in the best of spirits.
 Leaves Hospital.
 Mrs. Fountain, wife of Dr. Fountain of Somerset, was taken from the City hospital to the Baltimore & Ohio station in the Badler ambulance enroute to her home in Somerset.
 Queen Esther Circle.
 The Queen Esther Circle of the East Main Street M. E. church, will meet Tuesday evening at 7 o'clock with Mrs. Ed Brown, Dewey avenue. There will be an election of officers.
 Arm is Fractured.
 While playing in the yard of his home, 39 Charles street, this morning, Richard Coelho, aged 3, tripped over a stone and fell, breaking his left wrist. Dr. Willard Rank reduced the fracture.
 Prayer Meeting.
 Division 12 will hold the regular Tuesday evening prayer meeting at the home of Mrs. Parker, 124 Spring street.
 Red Cross Contributions.
 In the first list of Red Cross subscribers the names of Miss Alice Foss and Miss Kate Foss were inadvertently omitted. Each contributed \$10 to the Red Cross on the first day of the campaign.

CASE AFTER CASE

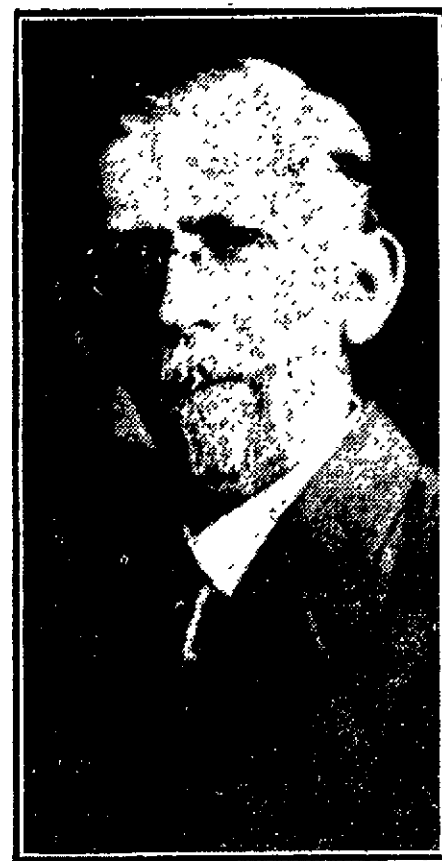

Plenty More Like This in Newark.
 Scores of Newark people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

J. E. Horn, retired foreman B. & O. Railway, 205 North Cedar street, Newark, says: "When I was working on the railroad, I had a lot of climbing and stooping under the cars to do and I blame this for bringing on my kidney trouble. I was laid up one time for ten weeks with this complaint. Doctors failed to do me any good and I was in bad shape. The kidney secretions were scanty in passage. Many a day I went about the house all doubled up, owing to the terrible shooting pains across my back. Lots of times I didn't go to bed at all, but sat up all night in the chair. I thought I would never get better, until a friend advised me to try Doan's Kidney Pills, so I commenced taking them. They brought me relief quickly and in fifteen days I went back to work. Since then I have used Doan's now and then and they have kept my kidneys in a healthy condition."
 Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Horn had. Foster-Milburn Co., props., Buffalo, N. Y. June 25-25

FAMOUS EDUCATORS ON THE PROGRAM

Will Address Ohio Sunday School Convention.

Educational workers of state-wide and nation-wide reputation will have conspicuous places on the program of the Ohio Sunday school convention at Marion, June 27, 28 and 29. Copies of the program just received show Dr. W. O. Thompson, Ohio State University, Columbus; Dr. W. W. Boyd, Western College for Women, Oxford; Dr. W. G. Clippinger, Otterbein University, Westerville; and Dr. W. H. McMaster, Mt. Union College, Alliance.
 In addition to these, Prof. E. S. Greenwalt of Wittenberg College, Springfield; Rev. W. K. Anderson, University Pastor, Ohio State University, Columbus; Prof. R. B. Miller, Ohio Wesleyan University, Delaware;

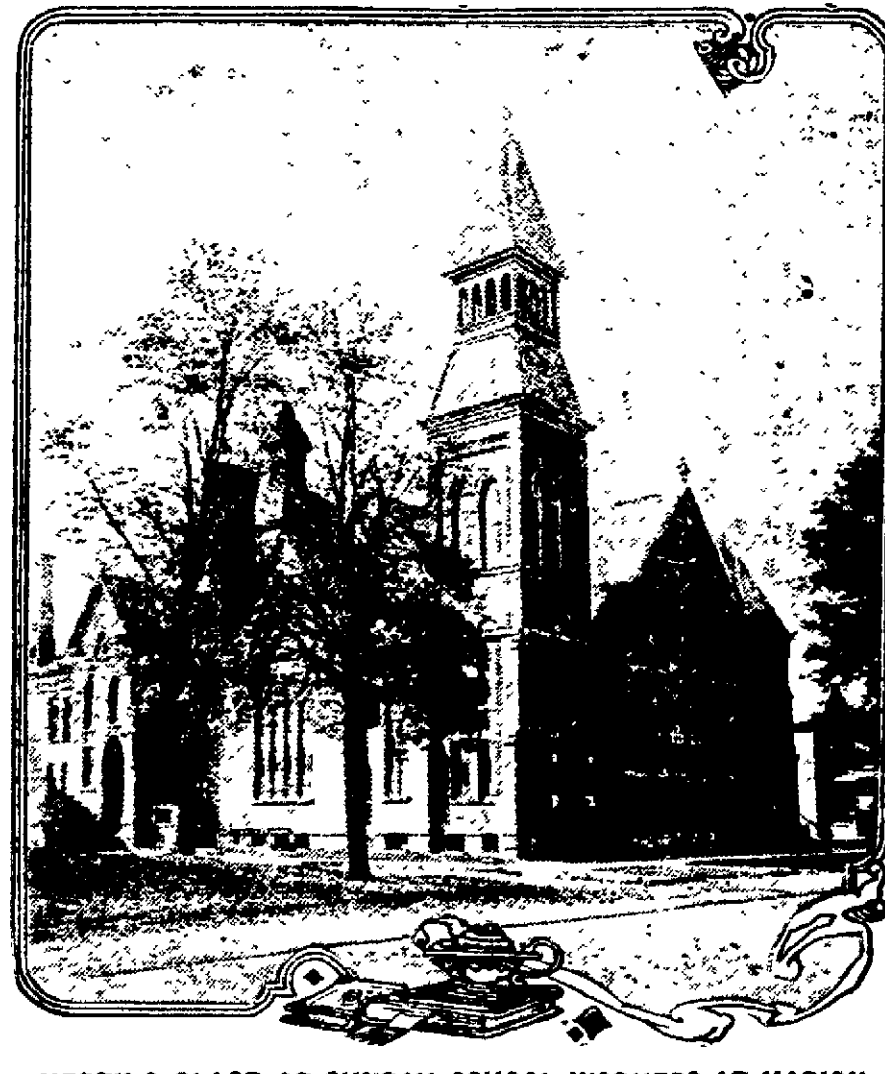

PROF. C. F. FOX,
 Vice President Ohio Sunday School Association.

Prof. L. B. Edgar, Cambridge; and Prof. L. O. Lantis, Columbus, have places on the program.

Another educator of national importance, although confined to elementary work, is Miss Nannie Lee Frayser of Louisville, Ky.
 One afternoon will be taken up with the consideration of educational problems. One of the projects which the association is anxious to further is to have recognized schools give credit for Bible study work performed under competent Sunday school instructors. This topic will be discussed by Rev. Fred L. Brownlee of Columbus, whose theme is "The Present Status of Public School Credit for Bible Study." Mr. Brownlee is director of religious education of the famous First Congregational church of Columbus, of which Dr. Washington Gladden is pastor emeritus.

At the same meeting Dr. Franklin McElfresh, formerly superintendent of the Zanesville district, now superintendent of Teacher Training Department, International Sunday School Association, will report on "The Status of the Bible in Colleges." Dr. W. W. Boyd will discuss "What Place Should the Bible Have in Colleges for Women." Dr. Charles L. Fox, dean of the college at Findlay, will preside at the conference on education.

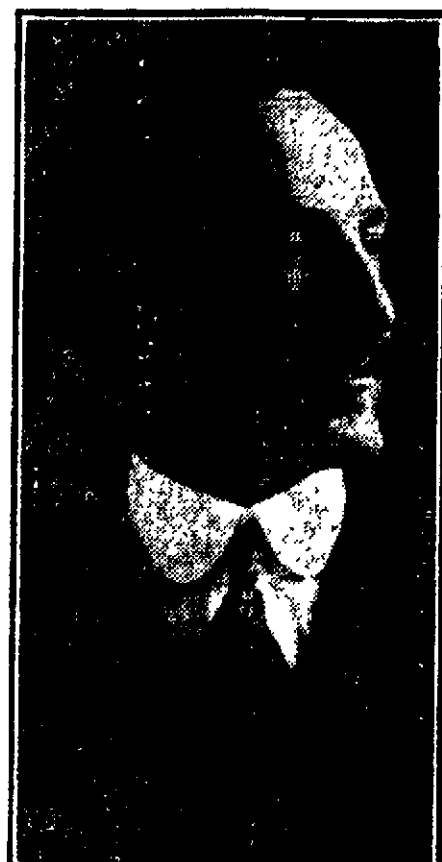

MEETING PLACE OF SUNDAY SCHOOL WORKERS AT MARION.

THE Epworth Methodist Episcopal Church at Marion will be the scene of several of the principal meetings and many of the conferences which are to mark the fifty-eighth annual convention of the Ohio Sunday School Association, to be held in that city June 27, 28 and 29. This church has a seating capacity estimated at 1,500 and has all the conveniences and facilities of a large institutional church.

INTERESTS THE LITTLE ONES

Miss Frayser One of America's Finest Story Tellers.

Miss Nannie Lee Frayser, of Louisville, Ky., who is one of the principal speakers on the program of the Ohio Sunday School Association which meets in Marion, June 27, 28 and 29, is not only considered America's finest woman story teller, but through her particular interest in the junior department she has

DR. FRANK N. PALMER,
 Winona Lake, Ind.

come to be known as Kentucky's most valuable girl worker.

She is on the program for the following addresses: "How to Interest our Boys and Girls in Reading the Bible" Wednesday afternoon, educational conference.

"Into the Canyon of Mystery," Thursday noon, Secondary Division dinner.

"Social Activities of the Elementary Pupil," Thursday afternoon, Elementary Division conference.

"Literature and History; Nature and Art," Thursday afternoon, Secondary Division conference.

"New Lessons from an Old Subject," Thursday evening, women's meeting.

"Wearing the Uniform," Friday noon, Elementary luncheon.

RURAL LIFE A THEME

Problem It Presents in Relation to Church to Receive Attention.

Rural life and the problems it presents in relation to the church and the Sunday school, will receive serious attention and consideration at the hands of the best informed men of the country on Thursday afternoon of the Ohio Sunday School convention at Marion, June 27, 28 and 29. While the meeting is designated as a conference, it will be open to the general public and is to occupy the entire afternoon.

Prof. L. O. Lantis of Columbus, secretary of Commission on the Church and Country Life, one of the best known rural workers in the United States, will open the program with a paper on "Discovering Essential Features." Rev. O. D. Wellbaum of Germantown will speak on "Creating a Community Spirit." B. H. Darrow of Columbus will take up "Meeting Hitherto Avoided Issues." "Graded Lessons in the Small School" will be discussed by Rev. Charles L. Fisk of Cleveland and "Rural Evangelism" by Rev. George N. Luccock of Wooster.

ATTORNEYS GET \$5,500 IN FEES IN ESCROW SUIT

In the case of the City of Newark vs. the Newark Natural Gas & Fuel Co., Judge H. W. Jewell on Monday morning passed upon the matter of fixing the attorney fees. The court considered and determined the question as to whether the attorneys, Edward Kibler, Sr., and Frank A. Bolton were entitled to compensation out of the escrow fund in the gas case now in the hands of Receiver Walter Metz, said compensation being for services in the prosecution of the case, and if so, to fix the amount.

The court was clearly of the opinion that counsel were entitled to compensation out of the fund, that the city was not liable and that unless counsel were compensated out of the fund they would get no further compensation. The court found that Mr. Bolton was entitled to extra compensation of \$500 for certain services which his co-counsel conceded he had rendered in the case, and the court allowed in addition thereto to Edward Kibler, Sr., and Frank Bolton the sum of \$5,000.

Walter C. Metz, trustee of the fund stated this afternoon that the interest accumulation would be sufficient to take care of the attorneys fees as well as the other expenses of the accounting.

The work of the accounting practically has been finished and extra clerks will aid in the work of writing the checks which is no small task in itself. Instead of 8,000 checks, which Mr. Metz estimated would be written, it was found that there would be nearer 13,000 and none of these will be mailed out until all are written and their amounts totaled and balanced. He was unable to estimate how long this would take until the work is started and some basis for such estimate is established.

Judge Jewell stated that he would hear on Monday next or Tuesday the motion to admit from the files a motion filed by the Gas Company in which a portion of the escrow fund is claimed by that company.

R. O. Martin, Adm'r vs. May Hupp: A suit brought for the sale of certain real estate. Decree entered for plaintiff, ordering sale made.

Ell Hull vs. Henry O. Norris, Executor of the last will and testament of Jerome Buckingham, et al.: A suit brought upon a contract and asking for an accounting. Decree for defendants; petition dismissed. Appeal bond fixed at \$500; exceptions noted.

In the case of the Citizens Bank of Anderson, Indiana, vs. Brown Realty Co., testimony was submitted to the court.

Marriage Licenses.

Frank Noblick, a glass worker, and Miss Bertha Love, both of this city. Rev. A. B. Cox named to officiate.

George W. Schlosser, a barber, and Miss Agnes Donovan, both of this city.

Road Viewing.

The county commissioners today viewed the proposed Cunningham road at Central City. They will report their finding at a later date.

Ditch Hearing.

The hearing of the Maxwell and the Maxwell-Graham ditch, located in Lima township, is taking place at the office of the county commissioners this afternoon. A large number of interested witnesses are present.

CARNIVAL SHOWS READY TO HANDLE BIG MOOSE CROWDS

Arriving over the Pennsylvania railroad with their own special train of 22 cars, the Rutherford Greater Shows came to town yesterday and pitched their white city on the Jefferson street grounds, prepared to give a week's enjoyment to the Loyal Order of Moose and their friends. There will be 16 pay attractions, three big riding devices and numerous free acts with daily concerts given by Prof. Fink's all-American band. The Red Cross will receive a portion of the gross receipts.

Carlos Bailey the little son of Mr. and Mrs. Charles Bailey has been removed from the City Hospital to his home in Philo. The child recently underwent an operation, Dr. H. H. Postle being the attending physician.

She Will Fly From Buffalo to Washington For the Red Cross

KATHERINE STINSON is going to fly from Buffalo to Washington and carry with her a check for the first contribution given in Buffalo toward the Red Cross One Hundred Million Dollar War Fund.

She will stop along the route at various cities to take similar checks. At the end of the first day's flight she expects to land in New York City, where she will get probably the largest check of all.

Within forty-eight hours she will deliver these checks to the Secretary of the Treasury, Mr. McAdoo, on the steps of the Capitol Building in Washington. Miss Stinson will drive a new Curtis aeroplane, on the lower wings of which two huge Red Crosses have been painted.

The daring young aviatrice has just completed a flying trip through the Orient, and the picture shows her just before starting a flight for the Red Cross in China.
